## **JCHS College & Career Center Information**

**College/Career Advisor - Liz Turner-Bolton \* [lbolton@junctioncity.k12.or.us](mailto:lbolton@junctioncity.k12.or.us)\*\***

*The JCHS College and Career Center is available to assist, inform and encourage students and parents to increase their knowledge and awareness of post-secondary education choices and financial aid options.*

*The College and Career Center is located in the West Wing of the high school. (Ext. 1289)*

The University of Oregon's Summer Academy to Inspire Learning (SAIL) program is an innovative bridge program. SAIL is hosted on the University of Oregon campus and serves middle and high school students from underrepresented backgrounds, which include lower income and/or first-generation college students, with the aim of encouraging students to enroll and succeed in college through early exposure and exploration. Website: [sail.uoregon.edu](http://sail.uoregon.edu)

SAIL offers free, one-week summer programs on the University of Oregon campus, where students learn about various subjects from distinguished University of Oregon faculty volunteers through fun social and interactive activities. Each summer, returning students choose a new academic subject. SAIL programs include sessions on the college admissions process, scholarship availability, and the financial aid process.

Applications open on March 1<sup>st</sup>, 2019 and are available on our website at [sail.uoregon.edu](http://sail.uoregon.edu). U of O also has paper applications available if you request via email. Feel free to reach out to the SAIL office at [sailstaff@uoregon.edu](mailto:sailstaff@uoregon.edu) or 541-346-4668 if there are any questions or concerns

The ASE program (Apprenticeships in Science and Engineering) is a high-school internship program for highly motivated 9-11<sup>th</sup> grade students interested in going into science, technology, engineering or mathematics-related careers. The [application deadline](#) is Friday, March 8<sup>th</sup>

A few of the exciting internship opportunities at HP Incorporated this summer:

- [Electrochemical Corrosion of Thermal Inkjet Components](#) (Chemistry/Engineering)
- [Long-life Reliability Engineering of Inkjet Printer Cartridges](#) (Chemistry/Engineering/Materials Science)
- [Product Engineering Intern](#) (Engineering/Materials Science)
- [R&D Engineering Tool Design & Fabrication Technician Apprentice](#) (Engineering)

### **Amazing opportunity for students interested in graphic, digital or design careers!**

The Product of Eugene program offers Lane County middle and high school students apprenticeship opportunities focused on graphic, digital, and physical design. Students will pair with an instructor, alumni, or affiliate of the UO Department of Product Design, utilizing the technology available at the 942 Olive building in Downtown Eugene. The 13,000 sq. ft. building features classrooms, studios, a digital design lab, plastics lab (3 types of 3D printers, laser cutter, analog shop tools), and exhibition spaces.

Students will work alongside their mentor to understand the profession of product design, explore specific ways to approach design, and begin creating innovative products of their own. In addition to learning a creative practice, students also explore the business aspects of a creative career, bolstering college and career readiness regardless of their chosen field.

This program is free of charge. Students will meet with a mentor group for approximately 2.5 hours per week for a 10-week period (4/6/19-6/16/19), finishing with a showcase event on the First Friday of July (7/5/19).

Please visit our website [lanearts.org/arts-apprenticeship](http://lanearts.org/arts-apprenticeship) or see the attached flyer for more information, and distribute widely to any students you think may be interested in this opportunity. Students can apply today at: <http://lanearts.org/product-of-eugene-arts-apprenticeship-application/>
