

Fountain Valley School District

Dear FVSD Kindergarten Families:

We hope that you are doing well during this unique and ever-changing situation. FVSD remains dedicated to supporting students during school closures by providing Distance Learning Activities. We understand this is an unsettling time for you and your children, and want to reassure everyone that our entire FVSD staff is committed to continuing to support student learning.

Please know that student work during closures will not be graded, and that our goal is to provide families of elementary-aged students with no more than two-hours of content per day. The resources shared here are intended to support student learning during the week of March 23-27.
