

# **WEATHER RELATED SAFETY DECISIONS**

**The Director of Transportation, Director of Safety and Security, Superintendent, and Director of Maintenance are all in communication and checking conditions by driving the roads, monitoring weather channels, watching radar, speaking with weather experts, and communicating with multiple others in the county.**

.....

**Decision will be made by 5:00AM with 5:30AM as the ultimate deadline.**

.....

**Decision is made for the safety and consideration of our buses.**

.....

**Parents will decide on the safety of conditions for their teen drivers and/or themselves.**

.....

**Please do not call the school office asking questions about the status of school for the day. You can find the information posted on the website and it will be communicated to parents and guardians.**

.....

**Please do not call the school office or the central office to voice your opinion on the decision that was made – we understand that we will have some who agree and some who do not agree with our decision**

.....

**Early dismissal decisions will be made with the same considerations, and by the same methods.**

**In case of an early dismissal, the schools will follow the early dismissal plans chosen by parents at registration. Unless you have an emergency situation, please do NOT call the school office. Personnel will be busy caring for students and making sure they are ready to be sent home.**
