I would like to nominate Ana Briceno for Student of the Month in Honors US History. Ana had a great first month of 2nd Semester, earning an overall grade of 97.5%. She is an integral part of class discussion, bringing positive energy and great ideas everyday. Her classmates benefit greatly from her analytical insights and I appreciate that I can count on her to answer questions whenever others cannot. She has interesting ideas that get me thinking differently about the material. Ana has a full grasp of the material and on top of all of this, she is a wonderful person, who brings kindness, cooperation, and curiosity to our classroom.

- Mr. Tornow
