2020-2021 Academic Plan for Close Contact Quarantined Students

If a student is quarantined due to close contact with a COVID-19 positive individual, learning will continue at home digitally through Canvas for the period of quarantine. Students will take Chromebooks home to complete digital assignments.

In order for students to be successful with digital learning, parents must commit to providing appropriate support and supervision at home. Students will be expected to participate in a structured digital learning schedule during the period of quarantine. Schedules may differ from school to school.

Grading and accountability expectations will continue just as if the student was receiving face to face instruction. If a student does not participate and/or complete assignments, he or she will be marked absent for the day.

**Student(s) agree to:**
- Participate in all instructional sessions/modules with the understanding that attendance will be recorded daily
- Engage in autonomous learning through a variety of instructional modes
- Engage in responsible, digital interactions with teachers and classmates
- Adhere to protocols for device management as well as digital citizenship
- Communicate with teachers for additional support

**Parent(s) agree to:**
- Review digital learning expectations provided by classroom teacher
- Provide adequate support at home
- Adhere to protocols for device management as well as digital citizenship for my child
- Ensure student(s) will be personally responsible for authentic participation and completion of digital learning tasks
- Communicate with teachers for additional support

**Please NOTE:**
*If at any time your child becomes ill during close contact quarantine, the student will transition to the Academic Plan for Isolation.*

2020-2021 Academic Plan for Isolation

The Academic Plan for Isolation applies to students, either digital or face to face, who test positive for COVID-19. Absences for students in isolation will be treated just as any other absence for sickness. Students should complete make up work as they are able to do so.

- Excused absences require parent note and/or doctor note
- Make-up work available for all courses
  - Reach out to teachers for assignments
