2. Make-up games, play-offs, and ties must be completed so that the District Champion may be certified by the last date authorized by the UIL calendar. If a rainout occurs at the home in the first round of district play and the scheduled visiting school field is playable, the home sites will be flipped so the game could be played on its original date. Any games that are canceled must be played on the next available date, as per UIL rules. ***Rainouts are to be scheduled in the order that the rainouts occur.***
3. Seven (7)-inning games will be played unless extra innings are necessary to break a tie. If the tie game is called because of darkness or weather in district play, then the game will be continued and decided just prior to the next scheduled game between the two teams or the first available playing date.
4. If a game in progress is called by the umpires due to inclement weather, it will stand as a complete game if four and one-half (4.5) innings have been played, if the home team is ahead; 5 innings, if the home team is trailing. If a game has completed 5 innings it is a complete game and if it has not completed 5 innings the game will resume exactly where it was suspended. Same (play at the next available date, from the exact same spot.) After 4 ½ innings the game will not be replayed if the home team is ahead.

Rainouts and games called because of darkness will be played on the next available playing date.

Schools must wait at least 45 minutes before cancelling the game, but may wait longer by mutual consent of both schools. Certified umpires are only required for varsity contests.

- c. The team with the 3rd best win/loss record will be the 3rd place team.
- d. The team with the 4th best win/loss record will be the 4th place team.

In the event two (2) or more teams tie for the District Championship, they will be declared Co-Champions and the following (head to head) format to determine playoff seeding.

In the event of any tie the first tie breaker is head to head and if head to head cannot resolve the tie then a playoff game or tournament is played. Head to head is defined as the record between the tied schools during district play (not overall record).

Two Teams Tie: (head to head)

- a. If one team has defeated the other team twice in round robin play that team will occupy the higher playoff seeding with the other team occupying the next available position (no game needed).
- b. If the two (2) teams involved each have a win over each other (split) in the round robin play they have the following options.
 1. A one game playoff with the winner occupying the higher playoff seeding and the other team occupying the next available position. If either team chooses to play the game, the game must be played.
 2. Schools involved may flip for playoff positions by mutual consent of both schools.

In the event three (3) teams tie for the District Championship, teams will be declared Co-Champions and a playoff seeding tournament will be played. Three teams will advance to the playoffs.

For the runner up and third place position, all teams involved in the tie will participate in a playoff seeding tournament, with the winner occupying the higher playoff seeding and the runner up team occupying the next available position.

- Seeding for the playoff tournament will be decided through a coin flip. No team involved will receive any special seeding privileges.
- The teams involved in the tie will flip a coin, odd team will get the bye and the two other teams will play. The winner will play the team with the bye to determine the higher seeding.
- If the team with the bye loses, it will play an additional game with the first round loser to determine the next playoff seed only.

- a. Four or more teams tie: The teams involved will draw for position A, B, C, D, etc. and play a tournament to determine the District Champion. Winners of the first games will play for the District Championship and 2nd place.
