July 1, 2019

Dear Hemet Elementary Families,

It is with a great amount of joy and excitement that I welcome you to our Hemet El Family and a brand new school year! We are SO excited to enter our third year and to share all of the exciting opportunities that your child(ren) will experience as Hemet El Scholars!

Over the summer, our staff has been engaging in several learning opportunities to prepare for our upcoming school year. We are also excited to be offering Love and Logic for Parenting classes this upcoming year in both English and Spanish. Watch for more information on this great opportunity to learn more about how to develop a greater sense of confidence and personal responsibility in our children. In addition, our school is growing. We have added 4 new classroom buildings, which will house our 4th grade and we have 8 new teachers joining our staff due to a combination of personal moves and growth in our enrollment. Finally, we will be welcoming a new assistant principal this year and I look forward to introducing him/her to our school family as soon as possible!

Class lists will be posted the morning of August 9 for all scholars who have completed online reregistration prior to this day. Please make sure you login to Aeries online prior to August 9 to complete your child's annual registration. If you should require any assistance at all, our school office will be open from 8AM - 3PM starting on August 1 to assist any family who may need help with reregistration. We will also have a team available in the school library the day of the Meet and Greet - you will not be given your class assignment without completing online reregistration.

**SAVE THE DATE!** On Friday, August 9, we will be hosting a school wide Meet and Greet where you will have the opportunity to tour the campus, meet your child's teacher, and, if you wish, pre-order Eagle Spirit Wear. **DUAL LANGUAGE IMMERSION Kindergarten** will meet at 9AM in the Multi-purpose room prior to classroom visits. **ENGLISH ONLY Kindergarten** will meet at 10AM in the Multi-purpose room prior to classroom visits. **It is important to be on time** for this as teachers will be sharing important information about procedures for our kindergarten classes. At 11 AM, **classrooms for grades 1-5** will be open until 12 PM.

In addition, every Wednesday at Hemet El is "College Wednesday." We encourage you to include a shirt or two in your child's wardrobe to represent the colleges or universities of their choice! Then, we will see you on Monday, August 12 for our first day of school! Attached to this letter is a copy of our bell schedule to assist you in planning for drop off and pick up of your child(ren). Every Wednesday is an early dismissal day to allow for teacher collaboration, planning and professional development.

Finally, please be aware that the entire staff of Hemet Elementary is dedicated to the safety of our scholars, therefore, Hemet El is a closed campus. Gates will be open before school on August 12-14 to allow parents/guardians to walk children to class and learn routines, and then effective Thursday, August 15, we will adhere to our closed campus procedures (details are in our Parent/Student Handbook, which may be previewed online [hemetel.hemetusd.org](http://hemetel.hemetusd.org)).

Please know, as your principal, I am a dedicated "lead learner" who takes the social, emotional, and academic needs of all of our scholars to heart. I have been an educator for 27 years and am proud to say my three children are Hemet USD graduates. I am fortunate to work alongside of our very talented staff who are highly qualified and dedicated to meeting the needs of the "whole child." Our scholars are our first priority and our entire staff is dedicated to our mission:

*At Hemet Elementary, we create a community that engages, empowers, and inspires scholars to achieve academic & social success through inquiry and discovery while celebrating cultural diversity.*

Here is to an amazing year! Thank you for your support of our mission, our staff, and most importantly, our scholars. We are proud of Hemet Elementary, where "The Sky is the Limit!"

Sincerely,

Kristi Watson

Principal
