Whitmer Administration: School Food Service Considered Critical Infrastructure, Should Continue

WASHINGTON -- Gov. Gretchen Whitmer's office issued the following statement today from Press Secretary Tiffany Brown on the governor's "Stay Home, Stay Safe" executive order:

"Gov. Whitmer is committed to ensuring that Michigan students have access to the food they need during the COVID-19 pandemic. Under the governor's executive order, K-12 school food services are considered critical infrastructure and should continue. The governor deeply appreciates the vital work that our frontline school employees are doing every day to ensure that our kids have the food they need while the order is in effect."

Center Line Public Schools WILL be continuing its food program, but we will no longer be delivering the food by bus to our bus routes. Instead, food will be available for pick up on Mondays, Wednesdays, and Fridays at Center Line High School (26300 Arsenal), Crothers Elementary (27401 Campbell), and Peck Elementary (11300 Engleman) from 10:30-11:30am. All sites will be have curbside pick up starting this Wednesday (3/25). For the Crothers and Peck sites, food will be distributed in their circle drives. The high school's pick up/drive through will be at the cafeteria doors.

Thank you for your flexibility as we work to make sure our students have the things they need while keeping them, their families, and our hardworking staff safe. Keep watching your email, social media, and our clps.org website for future updates.

Together, we can!

The mission of Center Line Public Schools is to provide all students relevant and challenging learning experiences to inspire success and empower them to be the leaders of tomorrow.
