August 23, 2019
Masonry materials being delivered to the hydraulic scaffold system.
Looking south down corridor A121. Underground plumbing mains continue to be installed.
Masonry bearing walls are being completed in the upper elementary wing.
Two Week Look Ahead

- Permits are being secured and site utility work is planned to start this week on the sanitary pipe.
- Masons will be working on bearing walls in area D & A.
- Steel erection will begin this week in areas D & F.
- Plumbers will continue installing underground sanitary and storm pipe mains in areas A, B & C.
- Electricians installing conduits and boxes in masonry walls as the walls progress.
