## School Accountability Report Card

### Reported Using Data from the 2017-18 School Year

### Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	30.0	35.0	42.0	42.0	48.0	50.0
Mathematics (grades 3-8 and 11)	25.0	27.0	31.0	32.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	255	253	99.22	34.52

Students Receiving Migrant Education Services	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

There is a high level of parent participation on field trips. Some of the field trip opportunities offered to students are third grade students experience California as it was in the 1800's through Valley Days and each May they take an overnight field trip where third graders learn and see the wonders of Yosemite. The Yosemite Trip is usually attended by almost all third grade parents. Fourth grade students travel to the Monterey Bay Aquarium and visit a mission. The classroom teachers and site administrator host a kindergarten orientation, Back-To-School night, Science Night, parent education nights, and Open House annually.

## School Safety Plan (School Year 2018-19)

Glenwood School has a School Safety Plan that was prepared by administrators, certificated and classified staff, and parents. All staff provide a proactive approach to maintain a safe school. Bullying is not tolerated and students, parents, and staff have been trained through the No Bully.com program. Teachers and staff are currently using The Positive Behavioral Interventions and Supports program. Students are "caught being good" and can earn rewards for good behavior. In addition, the school is participating in the Leader In Me training and program implementation. In our second year, we are focusing on academic achievement. Staff is provided opportunities for training related to assaultive behavior, active shooter, crisis response, child abuse, and suicide prevention. Students and staff take great pride in Glenwood School. The school serves as a community center for club meetings, Extended Learning Program (After School Program), youth sports, community activities and tutorial programs after school. The school grounds also serve as a park, the baseball diamonds are used by the community Little League organization, the field is used for Linden Youth Soccer, and the Multi-purpose Room hosts basketball practices and games. Vandalism at Glenwood School is minimal. Glenwood staff is regularly visible during school events such as Citizenship Assemblies, School hosted dances, and Honor Roll Assemblies. Private security is utilized during the school graduation.

### Professional Development (Most Recent Three Years)

During 2017-2018 school year, the district Professional Development for teachers has focused on Next Generation Science Standards. There are three full training days with county guided science experts. Teachers then work in grade level groupings to further prepare the science materials for classroom instruction. In addition, many of the early release Wednesdays during the school year have also been devoted to continued training with the NGSS. The district has also established a Science Cadre in which designated grade level teachers (voluntary) were trained to assist their grade level in deeper understanding of NGSS and their implementation. Also, during the summer preceding this school year, the district invited teachers to meet by grade level with a trainer from the publisher of our new math curriculum. The purpose of the week long session was to create a usable, consistent pacing guide for mathematics instruction by grade level.

The district has also hired two instructional coaches. One is focused on ELA and ELD instructional strategies while the other is focused on mathematics instruction and utilizing technology in the classroom. They are functioning to do district or site training as well as working with individual teachers in the classroom. These coaches are funded through Title I categorical funds.

Instructional aides are provided training both from outside sources (usually county office of education opportunities) as well as individual one-on-one training to be sure they possess skills and strategies for teaching literacy. Custodial and Maintenance staff have received a full day of training in strategies related to their positions. The secretarial staff receives annual training in areas affecting the current legal requirements they must know to perform their jobs accurately.

At Glenwood, additional training opportunities for teachers and aides outside of the regular school day are available on occasion. Some of this training includes English Language Development, SBAC Assessment training, Technology, AVID, NGSS, etc. During site PD days, the staff is learning a variety of student engagement strategies this school year.
