Dear CCHS parents and students:

I would like to begin by hoping that you and your family are found in good health during this time. With these uncertain times, our leaders are asking for our schools to remain closed for everyone’s health, and we have been given the task of continuing the education of our students. As we adjust to this new style of online teaching, I am asking for your understanding as this is a learning process on both ends.

English and Math teachers have met and decided on online activities that best meet the needs of the students and their success. We will be incorporating 4 online programs with concentration on English, Writing and Math. Flocabulary, Study Island, Newsela and Google Classroom have been found to be the best fit during this time. The benefit of using these online programs is that teacher will be able to monitor the students’ progress, furthermore there are several accommodations that students could use online to assist them in completing the task. For these reason I highly recommend that students complete their assignments using the online programs. These assignments will be used to determine grades for all classes during the closure of the campus.

In the unfortunate event that a student does not have access to technology or internet, paper packets are being distributed at central office on March 25, 2020 during the following times: 7:45-9:00 AM and 3:00-5:30 PM.

I have instructed for the student’s 2nd period teacher be the contact point for the student and/or parent. These teachers will be able to answer any questions that the student or parent might have during the closure.

Parents please continue to check the school websites, Facebook page, and await school call outs to receive the most up to date information on the school closure situation. Please stay safe!

Sincerely,

Jorge E. Cerna

Crystal City High School Principal
