Over Class Size Stipend
Parlier High School
San Joaquin Valley High School
Parlier Junior High School

Article 13 of the collective bargaining agreement between Parlier Unified School District and Parlier Faculty Association governs class sizes.

Article 13.4.2.1 Notwithstanding sections 13.4.1 and 13.4.2 above, individual teachers can agree to a class size up to thirty-six (36) pupils enrolled per quarter. A teacher that agrees to have a class size of up to thirty-six (36) pupils enrolled shall be compensated at the amount of \$100 per student per quarter for each student over an enrollment of 32. However, this does not apply to RSP classes, Special Day classes, Opportunity classes, specialized classes and departmentalized classes such as art, band, chorus, shop, physical education, home economics, etc.

Teacher agreement is documented, at the time of enrollment of extra students, on the Over Class Size Stipend form on the reverse. Site administration should keep the signed form on file until the end of each quarter.

Class sizes, for the purposes of this article, will be taken into consideration for enrollments that exceed 25 days during each quarter.

Quarters, for the purposes of this article, for the 2018-19 school year will end on the following dates:

1. October 19
2. January 18
3. March 29
4. June 6

Compensation will be paid on payroll after the submission and verification of the following documents:

- Over Class Size Stipend Request form (on the reverse)
- Class roster from Illuminate for the quarter claimed
