

Greetings High Point Community,

We acknowledge that we are currently under an unprecedented health situation. When we are experiencing such uncertainty, we know the best way to get through is to support each other. As the Student Support Team at High Point, we want to extend our unwavering support for you, your family, and most of all, our students. We want to communicate that we are available for you should you need support with your child's learning and social emotional health at this time.

We know that you all have a large load to carry right now with your children's education and care, as well as your own work responsibilities. We encourage you to ensure that you are taking care of yourselves during this time--we cannot support each other if our own needs are not getting met. Here is a link to a webinar on parenting in the midst of COVID-19, which may be a helpful resource to you: <https://vimeo.com/397865257>

Please feel free to reach out to either of us during this school closure, we are more than happy to schedule phone calls, video chats, or simply communicate through email to assist you during this time. We wish you well as we navigate through this storm together!

Warmly,

Megan Whelan, Learning Specialist

mwhelan@highpointacademy.org

Melanie Dosen, Social Emotional Development Specialist
