

3rd Grade At-Home Learning Information

Dear 3rd Grade Families,

Here is some important information for this time of at-home learning. If you have any questions about any of the information below, please do not hesitate to reach out to us via email or Schoology.

First, and most importantly, we miss your kiddos and hope you are all staying safe and healthy, and if any of you need anything, please reach out. This is a time for us to come together and take care of each other. Tell us what you need. If we can't provide it, we will find someone who can!

Second, please know we are not putting any expectations on this time apart. We are giving you some opportunities to keep your child connected to their learning and moving forward in their studies while at home, but we also understand that many of you are simply trying to find childcare or groceries right now.

Third, please know that the entire district, from administrators to teaching staff to support staff, are committed to reevaluating this situation often and give updated information as it becomes available.

Lastly, see below for some helpful websites/activities that can help your child continue to make great progress during this time of at-home learning. **Most of the websites are found on your child's ClassLink dashboard, and if not, they can be found via an Internet search. There will also be a video from Mrs. Gajewski on the Forest website with instructions on how to access ClassLink from home. They MAY need to login one time if they have never logged in to ClassLink from that specific device before. Email if you need login info!

Stay connected! ♥

Stay safe! ♥

Stay healthy! ♥

Mrs. Kissel, Mrs. LaFehr, & Mrs. Avery

Reading

- NewsELA
- RazKids
- eSpark
- Read, read, read! (20 minutes per day, at least!) See Scholastic link below!
