

Finding Your Bus is as Easy as 1,2,3 !

First, look at the colored map for your school (Wilbraham Elementary Schools are grouped together), and find the bus in your neighborhood.

Second, go to the bus list for your school and locate that bus number. (It will be in parenthesis next to a larger number.)

Third, follow the bus stops in order until you find the one that is closest to your home.

If you still have questions, you may call us at the transportation office @ 596-9560.

We look forward to seeing everyone on August 29th !!!
