California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

Community Montessori Charter School (CMCS) will provide an educational program of any combination of grade levels for grades Kindergarten through 8th grade. Charter School members are composed of students, parents, Educational Facilitators (EF) and administrative support staff. The School will be nonsectarian in its programs, admission policies, employment practices and all other operations. The program shall be nondiscriminatory based on ethnicity, national origin, gender, religion or disability. There will be no tuition charged to attending students.

CMCS will integrate the California state standards into a Montessori curriculum. The core subject areas of language arts, math, science (including botany and zoology), and cultural studies (including history, social anthropology, and geography) will be complemented by practical life, sensorial, technology, visual and performing arts, foreign language, the human values curriculum, and physical education

Mission Statement

Community Montessori Charter School will inspire and educate the whole child through a warm, ordered, self-motivating, individualized, Montessori-inspired education in a small, intimate, and democratic learning community. Students will learn actively, think critically, and solve problems creatively, while ultimately becoming competent, responsible, global citizens who are life-long learners and peaceful problem-solvers.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16

Mathematics (grades 3-8 and 11)	28.0%	38.0%	28.0%	38.0%	34.0%	36.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2016-17)

Parent Club

Parents can join the Parent Club at their respective resource centers. The Parent Club is a group of parents who facilitate community building activities, educational opportunities, and fundraising events. Committee Officers are parent volunteers who devote time and resources to various projects to contribute to the regional and Community Montessori Charter School (CMCS) as a whole. Activities are conducted for the purpose of serving students, supporting parents, and building partnerships with school staff and the general community. Committee Officers are expected to represent the interests of the Regional Program in accordance with CMCS personalized learning philosophy, work together as a team, and maintain open and detailed communication with the Regional Manager.

Advisory Council

There will be three to four parent spots on the Advisory Council representing different grade levels. The Advisory Council is designed to represent the primary stakeholders in the charter, meaning the parents, students, and staff. The Advisory Council is responsible for making nonbinding collaborative recommendations to the operating corporation's Governing Board in relation to the school's governance with regards to:

- Budget priorities
- Educational program/ instructional strategies
- Charter renewal recommendations
- Academic and instructional policies
- Other matters as assigned by the Governing Board
