RE: Availability of Asbestos Management Plan

In October 1986, the U.S. Congress enacted the Asbestos Hazard Emergency Response Act (AHERA). Under this law, comprehensive regulations were developed to address asbestos problems in public and private elementary and secondary schools. These regulations require most schools to inspect for friable and non-friable asbestos, develop asbestos management plans that address asbestos hazards in school buildings and implement response actions in a timely manner.

These regulations assigned schools many new responsibilities. Our program for fulfilling these responsibilities is outlined in our asbestos management plan. This plan contains information on the designated person, architect's or engineer's letter, notification process, assurances, and dated copies of annual notifications.

Since all our buildings were constructed after October 12, 1988 our "management plan" consists of exclusion documentation. **This documentation means that to our knowledge no asbestos-containing building materials were used or specified for use in this building.**

If you are interested a copy of the Management Plan can be made, on request, for a nominal fee to cover the cost of copying and handling.

If you have any questions about reviewing our management plan please contact our Designated Person:

ASBESTOS MANAGEMENT PLAN (AMP)

LOCAL EDUCATION AGENCY (LEA) GENERAL RESPONSIBILITIES UNDER AHERA

Pursuant to Section 763.84 and Section 763.93 of the EPA Asbestos in School Regulation (40 CFR Part 763), each management plan must contain a true and correct statement, signed by the LEA designated person, that certifies that the general LEA responsibilities have been met or will be met.

ASSURANCES*

This AHERA management plan was developed and has been submitted to Utah Department of Environmental Quality pursuant to the Asbestos Hazard Emergency Response Act of 1986, Public Law 99-519, and the United States Environmental Protection Agency Rule: Asbestos-Containing Materials in Schools, 40 CFR Part 763, and the undersigned does hereby certify that the LEA has and will ensure the following:

1. The activities of any persons who perform inspections, re-inspections, and periodic surveillance, develop and update management plan, and develop and implement response actions, including operations and maintenance, are carried out in accordance with Part 763.
2. All custodial and maintenance employees are properly trained as required in Part 763 and all other applicable Federal and/or State regulations (e.g., the Occupational Safety and Health Administration Asbestos Standard for Construction, the EPA Worker Protection Rule, or applicable State regulations).
3. All workers and building occupants, or their legal guardians, are informed at least once each school year about inspections, response actions, post-response action activities, including periodic re-inspection and surveillance activities, that are planned or in progress.
4. All short-term workers (e.g., telephone repair workers, utility workers, or exterminators) who may come in contact with asbestos in a school are provided information regarding the locations of ACBM and suspected ACBM assumed to be ACM.
5. All warning labels are posted in accordance with section 763.95.
6. All management plans are available for inspection and notification of such availability has been provided as specified in the management plan under Section 763.93(g).
7. The undersigned person designated by the LEA pursuant to Section 763.84(g)(1) has received adequate training as stipulated in Section 763.84(g)(2).
8. The LEA has and will consider whether any conflict of interest may arise from the interrelationship among accredited personnel and whether that should influence the selection of accredited personnel to perform activities under Part 763.
