Dear Yellowjacket Family,

After talking with TEA, UIL, Kaufman County Health Officials, and Kemp ISD Administration we have decided to resume our strength and conditioning camp starting **June 22, 2020 at 8:00 am**. The camp will only be for 9th – 12th graders. To help reduce possible exposure, all 7th - 8th graders should stay at home and continue the at home work out provided by Kemp Athletics. We completed the contact tracing protocol set in place by TEA and have determined the athletes that will need to self-isolate until June 29, 2020. Those athletes have been contacted directly and understand they will not be allowed to return until the 14 day isolation period is complete. We have disinfected all work out areas with the CDC recommended cleaner. We will resume daily prescreening, temperature checks, social distancing, and the availability of hand sanitizer. There is no pressure for any athlete to return if they do not feel comfortable with the protocol in place at Kemp ISD. Thank you for your trust and the safety of our athletes will continue to be our highest priority.

Sincerely,

Lee Wilkins

Kemp High School
