Growth Mindset for Parents

Using Growth Mindset Praise and Feedback:

-Praise what your child does, not who he or she is.

Instead of saying, "You are so smart/clever/brilliant," say "I can see you really worked hard /put forth effort/tried hard."

Praise perseverance and resiliency when you see your child struggle or face a challenge. Avoid praising grades. Focus on praising work ethic and effort-not achievement.

-Adopt the word "yet" into your vocabulary. If your child proclaims that he doesn't understand something, can't dribble a basketball, or can't play a song on his guitar, remind him that he can't "yet" but with hard work he will have success.

-Avoid comparing your child's success with that of a sibling or friends-achievement is not a competition. There is enough success for everyone!
