5 Steps for Ordering Your Letter Jacket (or Patches)

1 - Did you letter?
See the orange folder for lettering lists from Spring 2017-Spring 2019.
If your name appears on a list, note the activities in which you lettered & the red page number where your name appears.

2 - What patches do you want?
See the green folder for jacket sleeve patch options.
Some patches are "RESERVED" for those who lettered in their extracurricular activity.
Reserved patches are marked with a red R and listed on the sheet at the front of the green folder.
Any patch not noted as RESERVED is considered "OPTIONAL"
and therefore available to everyone who is eligible to order a letter jacket.

3 - What size jacket should you get?
Try on jackets and work with members of the Herff Jones team to make the best decision.
(Skip this step if you are adding patches to an existing Meridian letter jacket.)

4 - Place your order.
See a member of the Herff Jones team at the table to determine pricing, place your order and pay for your order.

5 - Order verification.
Before your order goes into production, Meridian will verify your eligibility for your order.
If there is a problem or question, parents will receive a phone call. Otherwise, expect your order to arrive in August!
