

# ECONOMICS

## Summer School 2019

Instructor: Benjamin T. Blush  
ben.blush@calvaryschools.org

**Course Description:** This course is an introduction to the basic principles of economics. Beginning with microeconomics we will look at the foundations of supply and demand while examining the decision-making process of both consumers and businesses. We will then transition into the study of macroeconomics, comparing different economic systems. Finally, we will study the financial markets and the effects of both fiscal and monetary policy.
