

Back Yard Composting Workshop - Thursday, October 3, 2019

Backyard composting helps reduce your personal volume of trash, conserves water, increases plant growth, and replaces the need for harsh chemicals on your lawn and garden. Learn how easy it is to compost your food scraps and yard waste at this workshop.

Date: Tuesday, October 3rd at 7:00pm

Location: Community Room in Municipal Building, 425 East Broad Street

Presenter: Michele Bakacs of the Rutgers Cooperative Extension

Registration: Via Westfield Recreation Department 908-789-4086

FREE for all Westfield Residents! Bring the kids! ALL participants will be entered into a raffle to win a FREE backyard compost bin!
