March 24, 2020

Dear San Juan School District Students, Parents, Teachers, and all:

As many of you are aware, Governor Gary Herbert announced on March 23rd that *all Utah public schools will extend their closures until May 1*. San Juan School District has been, and will continue to comply with the Governor's Office as we navigate evolving COVID-19 safety precautions.

As always, our priority is the safety of our students and staff. District & School Administration are working continuously to see that the needs of the students are met through those closest to them: teachers, food service staff, bus drivers and many others. We cannot express enough gratitude to them. Please be reassured that administration is also working consistently and closely with State, County and Local health officials.

Distance learning will continue through the extended dismissal. We know this is a new venture for all of us, and we greatly appreciate all efforts being made to make this successful. You should have direct contact lines to your school offices during this time. You may also call the District Offices for assistance if needed.

We love and miss our students. We express our sincere gratitude for all efforts in home, business, education, public service and health care that we rely on. We are in this together.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ron T. Nielson', written over a large, light-colored oval shape.

Superintendent Ron Nielson
