Cost \$10 per person

*Again this year, as part of our Homecoming Assembly, we will be raising money through the "Change for Change" program. We will have two minutes on the clock at the assembly where the students will collect all their change in buckets to be donated to the Salvation Army food drive later this fall. This is a grade-level competition (grades 9, 10, 11 & 12) and the grade with the most change at the assembly will win all the money which will go towards their food drive. We will apply the money and announce the winner on the first day of the food drive in November.
