## Youth Football

It is our vision that through the vast experience and diversity of our many volunteers and coaches the game of football can be used to teach life skills and in doing so develops the character needed to make the world a better place. TEAM stands for more than teaching football skills and developing good football players. We are developing good teachers, plumbers, firemen, construction workers; just good men. Football is merely a vehicle to make this happen. We are not a select league where players try out and are cut; we believe that every player who practices should play.
