August 6, 2019

Dear Parent(s) of HS Health and PE Students:

Each year we are required by the state of North Carolina to provide information to our students about the pressures and risks facing teens today. The Sexual Education lessons are scheduled for late October and early November. It is an optional program for your child. The content covered in these lessons is from Successfully Teaching High School Health curriculum. The content that will be covered in these lessons includes: Healthy Relationships and Dating, Abstinence, Consequences of Unprotected Sex/Unintended Pregnancy, Reproductive and Sexual Health, STD and Sexual Assault Prevention, and Contraceptives/Birth Control.

As a courtesy, parents may schedule a time to view the curriculum at the school between the hours of 8 a.m.-3 p.m. To do so, please contact Mr. Williams at 704-238-8883 or by email at gwilliams@unionacademy.org to reserve a time.

Parents can choose to opt their child out of the Sexual Education curriculum by completing the google form (opt-out form). Form completion is due by Wednesday, October 10, 2019. Students who do not participate in the lesson will be given an alternate assignment in a separate location.

Sincerely,

Grant Williams
