

# Nebo Title 1 Family Engagement Plan 2018-19

## General Policy Statement:

McDowell County Schools recognize that the education of children is an ongoing, cooperative partnership between the home and the school. Parents are their children's first teachers; therefore, the continued involvement of parents in the educational system is most important in fostering and improving educational achievement.

## Parent Involvement Goals:

Communication - Keep parents informed and maintain consistent, two way communication through the following avenues: parent newsletters, Parent Link Calls, Memos from the Office, Classroom Web pages, Principal's Newsletters, Parent-Teacher Conferences, phone calls and notes home individually as needed for celebrations and feedback, Progress Reports sent home mid nine weeks, report cards, Annual Title 1 Parent Meeting. Student Advocacy and Home-School Connections - Child Family Support Team, Response to Intervention Team, Individual Education Plan Team, Parent Title One Breakfasts, School Improvement Team meetings which include with parent representatives, Parent Advisory Committee, and Bear News. Volunteering - volunteer sign in log, tutor program, Volunteer Appreciation Event, partnership with local businesses to donate gift certificates, money, time, & food, Parent Training - Grade level parent breakfasts to support parents in fostering and improving educational achievement of their students; focus on a specific aspect of the classroom or current issue and trend in education (ie-Read to Achieve) and grade level parent meetings/events.

## Community Collaboration:

Nebo currently has community volunteers that provide tutoring, scholarships for field trips, and resources for classrooms. We actively pursue applications on file with Central Office through the Volunteer Program. Additionally, we receive support for clothing, food, and educational supplies from many local churches, Women of the Moose Lodge, Nebo Alumni, Rotary, Marion Moose Lodge, Kiwanis, Jersey Mike's, Belk, Operation Backpack, Beast Buddies, and Nebo Crossing. An extra-curricular Good News Club is also offered.

## Annual Evaluation:

Parental participation is a great benefit to your child. A parent involvement survey at the beginning of the year and an annual evaluation of the effectiveness of the parent involvement policy will be conducted. The survey sent out at the conclusion of the school year will be to assess the overall school programs and our efforts to involve parents.
