How to send official SAT/ACT scores to colleges

In addition to self-reporting SAT/ACT scores on your college applications, you MUST send your OFFICIAL SAT/ACT score report to the colleges you are applying to.

Scores MUST be sent to colleges by the application deadline. So, if you are applying Early Decision or Early Action by November 1st/December 1st, etc., you must submit your college application AND your official SAT/ACT score report by this date as well. If you are taking the SAT/ACT again and your scores will not be available by the application deadline, you will need to complete this process twice. Send you current scores by the deadline, and then send your updated scores once available.

For the UC:
Students should report their SAT and/or ACT scores on their application, and then request that an official score report be sent to the UC's. **You can have your official score report sent to ONE UC campus, and all campuses you apply to will receive it.**

For the CSU:
Students should report their SAT and/or ACT scores on their application, and then request that an official score report be sent to the CSU's.
