## **BREAKFAST AND LUNCH**

Breakfast and lunch will begin on August 17.

The Varnville Elementary School breakfast and lunch program is through the USDA Community Eligibility Program. ALL students qualify for free breakfast and lunch.

Behavior and table manners are the responsibility of the staff on duty. A lunch menu will be sent home monthly with each child. There will be no “food trading” at lunch. Breakfast or lunch from a fast food restaurant cannot be accepted in the cafeteria in their original bag or box.

\*If a student has a doctor’s note saying that he/she is intolerant of milk, the school will provide juice. No carbonated soft drinks will be permitted at school. All drinks must be in a thermos. Children are allowed to bring water bottles to use in the classrooms. Students are not allowed to bring any drinks other than water unless a doctor excuse is on file.
