

SMH & ACSP jointly present: Cardiac Athletic Screening for Adolescents (CASA)

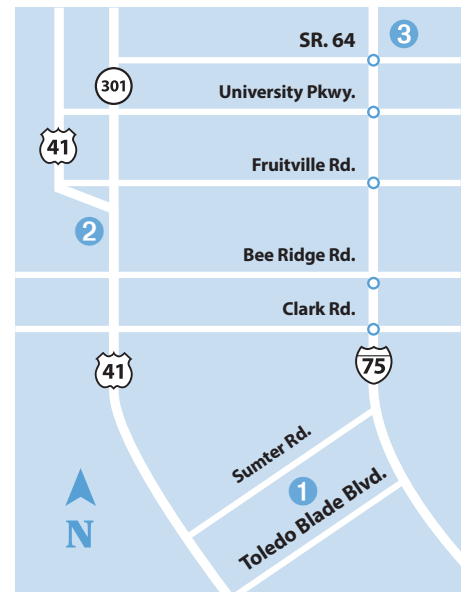

As part of National Heart Month, **Sarasota Memorial Health Care System** and **All Children's Specialty Physicians**, will host three free CASA events for student athletes, ages 12 to 18.

Are you a student athlete (or the parent of one)?

The heart is the body's hardest working muscle. Take advantage of this free assessment before tryouts or after starting a sport. It's easy and painless – just a questionnaire, EKG and blood pressure check. A pediatric cardiologist reviews results immediately and will discuss any need for further testing. Choose one of three Heart Month Saturdays at these locations:

- 1 Saturday, Feb 2 • 8am - 5pm**
North Port Health Care Center & ER
2345 Bobcat Village Center Rd.
North Port, 34288
- 2 Saturday, Feb. 16 • 8am - 5pm**
SMH Heart Pavilion (hospital main campus)
1540 S. Tamiami Trail, 2nd Floor
Sarasota, FL 34239
- 3 Saturday, Feb. 23 • 8am - 5pm**
Heritage Harbour Health Care Center
1040 River Heritage Blvd.
Bradenton, FL 34212

Call us to schedule your (or your student athlete's) appointment: (941) 917-1190.

Appointments are required and participants must bring completed consent and questionnaire.

Diagnostic equipment provided by Athletic Heart Metabolic & Cardiac Research Institute.
