

Threats Policy

Summit Academy is committed to promoting a safe and secure working and learning environment. Violence, threats of violence and threatening behaviors are inconsistent with this objective and are unacceptable.

This policy provides direction by which acts of violence, threats of violence, and threatening behaviors may be reported, evaluated, and managed.

Threats to the well being of anyone on Summit Academy property will be taken seriously and law enforcement officers will be contacted immediately when serious threats are made. Parents will also be informed when serious threats are made.

Students may be disciplined up to and included expulsion if threats create serious harm to others. Law enforcement will be informed when threats are serious and under the Executive Director's direction with discretion and in the best interests of student privacy.
