Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information

State law requires the district to give you the following information:

Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about the student. If you do not want San Augustine High School to disclose directory information from your child’s education records without your prior written consent, you must notify the district in writing September 4, 2018.

This means that the district must give certain personal information (called “directory information”) about your child to any person who requests it, unless you have told the district in writing not to do so. In addition, you have the right to tell the district that it may, or may not, use certain personal information about your child for specific school-sponsored purposes. The district is providing you the following forms so that you can communicate your wishes about these issues. [See Objecting to the Release of Directory Information in the San Augustine ISD’s Student Handbook for more information.]

For the following school-sponsored purposes—all District publications and announcements—directory information shall include student name, address, telephone listing, photograph, honors and awards received, dates of attendance, grade level, participation in officially recognized activities and sports, and weight and height of members of athletic teams.

Directory information identified only for limited school-sponsored purposes remains otherwise confidential and will not be released to the public without the consent of the parent or eligible student.

Parent, please circle one of the choices below:
I, parent of ______________________________ (student’s name), [do give] [do not give] the district permission to use the information in the above list for the specified school-sponsored purposes.

Parent’s signature: _______________________________ Date: ________________

Please note that if this form is not returned within the specified time frame above, the district will assume that permission has been granted for the release of this information.

Directory information shall not be released for any non-school purpose.

Parent Consent for Use of Corporal Punishment

SAISD Board Policy and the laws of the State of Texas allow the use of corporal punishment as an option in the discipline plan of a public school. If utilized, corporal punishment will be administered in accordance with the law, district policy, and the Student Code of Conduct (SCOC). [See FO and the SCOC]

Corporal punishment will be administered as soon as possible after an offense and will not be administered in anger. The principal or a designee will make efforts to contact the parent prior to the use of corporal punishment, will document the action on a district form, and inform the parent that corporal punishment has been used.

The principal or a designee may choose not to use corporal punishment even if the parent has requested its use. Paddles used for administering corporal punishment will not be generally displayed and will be under the control of the principal or designee. Corporal punishment will be limited to spanking or paddling and will consist of an appropriate number of strikes based upon the size, age, and the physical, mental, and emotional condition of the student.

Please complete the form below:

☐ Yes, I give permission for the campus to administer corporal punishment to my child in accordance with Board Policy, the Student Code of Conduct, and the laws of the State of Texas.

☐ No, I do not give my permission to the campus to administer corporal punishment to my child.

Dear Parent or Guardian:

The San Augustine School District may qualify for additional funding from the state if any of our students meet certain guidelines. The additional funding, known as the Compensatory Education Allotment, is used to provide supplemental services to students who are at-risk or not performing at an appropriate level. Please help us collect the necessary information so that we may receive additional state dollars for the benefit of our students.

The district is automatically eligible for this funding if you receive food stamps or Temporary Assistance for Needy Families (TANF). Otherwise, the district may qualify for this funding depending upon your income and family size. Please complete the attached Form for Compensatory Education Funding Qualification and return it with your student as soon as possible.

Please complete a separate form for each child. Attached are more detailed instructions to help you fill out the form.

- Households receiving food stamps or Temporary Assistance for Needy Families (TANF): Complete the child’s name and case number and have an adult household member sign the form. If you have more than one child attending school, complete a separate form for each child.
- Households with one or more foster child: List the child’s name and the amount of “personal use” income the child received last month and have an adult household member sign the form. If you have more than one foster child attending school, complete a separate form for each one.
- Households that do not receive food stamps or TANF: If you do not have a case number, you should list the names of all household members, the amount of income each person received last month, and where the income came from. An adult household member must sign the form and include his or her social security number or indicate that he or she has no social security number. If you have more than one child attending school, you should complete a separate form for each one, but you only have to complete this section once.

Will the form be verified? Yes. State officials require us to verify the information that qualifies the district for the extra funding, therefore, the information that you send us may be checked at any time during the school year. School officials may ask you to send written documentation to verify that your income meets the eligibility guidelines.

Should I report any changes? Yes. If your income meets eligibility guidelines, please tell us if your income increases by more than $50 per month or $600 per year, or if the size of your household decreases. If your household receives food stamps or TANF, you should tell us when you no longer receive these benefits.

Will this information be kept confidential? Yes. We will use the information on your form only to see if your child or children meet the eligibility guidelines that will enable the district to receive the extra funding. The information will not be used for any other purpose.

Will my child receive extra services if I complete this form? Not necessarily. Funding for this program is based on the number of students with certain qualifying levels of family income, but the allocated funds must be spent for students that meet different eligibility criteria. If your child has performed poorly on TAKS or other required tests, or meets other criteria for being at-risk of dropping out of school, then your child will likely receive additional services. If your child does not directly benefit-- other children in the district may benefit from this additional funding.

If my family income does not qualify the district for extra funding now, can I apply later if my circumstances change? Yes. You may submit the required forms at any time. If your income does not meet eligibility guidelines now but circumstances change (like household income decreases, household size increases, a wage earner become unemployed, the household receives food stamps or TANF), complete the form again. If you need new forms or any other help or information, call the school office.

Why does the consent in paragraph 6 refer to free or reduced price meals or free milk when my school does not participate in that program? State compensatory education funds are partially allotted on the basis of the number of students in a school district or charter school who are eligible for the national free or reduced-price lunch program in which some schools participate. Therefore, in order for your school to receive the amount of state compensatory education funds to which it is entitled, you are being asked to provide the same information that would be provided in an application to participate in that program. The consent paragraph is included on the form because federal law does not allow the disclosure of information about children eligible for free or reduced price meals or free milk without consent and further requires that the consent include a statement that the failure to sign does not make the child ineligible for the meal/milk program.

Thank you for your help.

Dear Student and Parent:

As required by state law, the board of trustees has officially adopted the Student Code of Conduct in order to promote a safe and orderly learning environment for every student. We urge you to read this publication thoroughly and to discuss it with your family. If you have any questions about the required conduct and consequences for misconduct, we encourage you to ask for an explanation from the student’s teacher or appropriate campus administrator. The student and parent should each sign this page in the space provided below, and then return the page to the student’s school.

Thank you.
