HIV/AIDS PREVENTION INSTRUCTION

California State Law requires that HIV/AIDS prevention education is taught in middle school and in high school. If comprehensive sexual health education is taught, the District shall follow state laws (Education Code 51933). You can examine instructional materials at your school site. If you have questions, please contact the teacher or principal at your child's school. State law allows you to remove your student from comprehensive sexual health education or HIV/AIDS prevention education. If you do not want your student to participate in the comprehensive sexual health or HIV/AIDS prevention instructional program, please give written notice to the teacher prior to the introduction of the unit. The goal of the comprehensive health and sexual education program is to help students make healthy decisions now and later in life.

RIDE

(Regional Immunization Data Exchange)

LUSD is an authorized user of RIDE (Regional Immunization Data Exchange), a computer-based program that helps us keep track of your child's immunization. The information in RIDE is confidential and will only be shared with authorized users such as (a) A doctor, clinic, or hospitals (b) school or day care centers (c) WIC (d) health care plans (e) California Department of Public Health Immunization Branch. As the parent/legal guardian of your child, you do have

the right to refuse to participate in this program. For more information please call your healthcare provider. RIDE Immunization Registry is a program of San Joaquin County Public Health Services (209) 468-2292 www.izride.com

PERTUSSIS

All students entering 7th–12th grades must have proof of a Tdap booster shot. Documentation must state the immunization was given on or after their 7th birthday. No students will be allowed to attend school, without up to date immunizations.

Remember to ask your physician about other immunizations your child may need, and bring your child's immunization card to the visit. Please return a copy of ALL up to date immunizations to your child's school. For questions, please call your primary physician today or call the San Joaquin County Public Health Services Immunization Program at (209) 468-3481.

DIABETES

Type 2 Diabetes Information

Pursuant to California *Education Code* Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010.

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children's Hospital of Orange County. Also see [available translations](#) of this information.

Description

Type 2 diabetes is the most common form of diabetes in adults.

Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.

According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.

The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.

In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.

Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.

Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.

Family history of diabetes. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity. Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop Type 2 diabetes.

Puberty. Young people in puberty are more likely to develop Type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has Type 2 diabetes.

Increased hunger, even after eating

Unexplained weight loss

Increased thirst, dry mouth, and frequent urination

Feeling very tired

Blurred vision

Slow healing of sores or cuts

Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms

Irregular periods, no periods, and/or excess facial and body hair growth in girls

High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.

Get more physical activity. Increase physical activity to at least 60 minutes every day.

Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat Type 2 diabetes with medication.

The first step in treating Type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to Type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

Glycated hemoglobin (A1C) test. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

Random (non-fasting) blood sugar test. A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test. A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.

Oral glucose tolerance test. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children, is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

Attendance Procedures

It is the student and parents/guardians responsibility to verify an absence within 48 hours upon returning to school. Parents/guardian will be notified when a student is absent from school.

1. Parents are responsible for notifying the school whenever their student is absent. Parents may call the attendance office and/or send a note with the student upon his/her return to school. All notes must contain the following information:
 - Name of student
 - Date(s) of absence
 - Specific reason for absence
 - Daytime phone number where a parent may be reached
 - Parent's signature
4. If the absence is not cleared within 48 hours, three unexcused absences results in truancy.

Make-up Work

1. Students shall be given the opportunity to make-up work missed because of an excused absence and shall receive full credit if the work is turned in according to a reasonable make-up schedule. Typically, each day of excused absence merits one make-up day.

3. Teachers may or may not allow a suspended student to complete any assignments and tests missed during at home suspensions, as stated per teacher syllabus.

4. Students who miss school work because of unexcused absences may or may not be given the opportunity to make-up missed work for full or reduced credit. Teachers may assign such make-up work as necessary to ensure academic progress, not as a punitive measure.
5. Teachers need at least twenty-four hours to supply make-up work.
6. Teachers' procedures and processes for make-up work shall be clearly explained to both students and parents in the individual class syllabus.

Independent

If a student will be out of school for more than five (5) days an Independent Study contract may be available so that the student is still able to get credit. To get an Independent Study contract, a note must be submitted to the office a minimum of one week prior to the student being gone. This allows the teacher time to gather work and the parent and student time to sign the contract. All work must be completed and turned in the FIRST day that the child returns to class, or the contract will be invalidated and the absences will become unexcused. Please contact the school office for more information.

Attendance - Obtaining Information

Parents who have concerns regarding a student's attendance habits may request an attendance printout from the attendance office, check ABI Parent Portal, and/or request a conference with a site administrator.

Excessive Absences: When a student has had 10 absences in the school year for illness, any further absences for illness shall be verified by a physician. This requirement will be enforced for one calendar year. (AR 5113, adopted Oct. 2011)

Parents On-Line: Aeries Parent Portal is a computer system that assists families with keeping on top of their child's attendance, behavior and academic progress. Please contact your school site to obtain account and access information. NOTE: Attendance is updated daily; posting of grades to the system is done by the individual teachers on a weekly basis. This list is not all-inclusive. If you have specific questions regarding unexcused absences, please contact your child's School Secretary.

TARDY POLICY FOR UNEXCUSED CLASSROOM TARDIES

Tardy

A tardy is defined as arrival to class after the tardy bell rings and up to 29 minutes into the instructional period. Students must be in their seats when the tardy bell rings. Arrival to class 30 minutes or later then the tardy bell will constitute as truant.

SART

SCHOOL ATTENDANCE REVIEW BOARD (SARB)

A board comprised of teachers, administrators, counselors, law enforcement officials, and community representatives that utilize school/community services to help students resolve problems dealing with irregular school attendance or habitual truancy. The School Attendance Review Board also has the authority to refer habitually truant students, as well as their parents, to the District Attorney for appropriate legal action. Student will be referred to the SARB after receiving a third attendance letter.

DISCIPLINE PHILOSOPHY

All students are expected to obey all classroom and school rules. Our aim is to improve the learning environment through positive reinforcement of good behavior and consistently applied consequences for inappropriate behavior. With the cooperation of parents, parent volunteers, students, and school personnel, we can maintain schools where teachers teach and children learn.

Education Code 48900.1

- a. The governing board of each school district may adopt a policy authorizing teachers to require the parent or guardian of a pupil who has been suspended by a teacher pursuant to Section 48910 for reasons specified in subdivision (i) or (k) of Section 48900, to attend a portion of a school day in the classroom of his or her child or ward. The policy shall take into account reasonable factors that may prevent compliance with a notice to attend. The attendance of the parent or guardian shall be limited to the class from which the pupil was suspended.
- b. The policy shall be adopted pursuant to the procedures set forth in Sections 35291 and 35291.5. Parents and guardians shall be notified of this policy prior to its implementation. A teacher shall apply any policy adopted pursuant to this section uniformly to all pupils within the classroom.
- c. The adopted policy shall include the procedures that the district will follow to accomplish the following:
 1. Ensure that parents or guardians who attend school for the purposes of this section meet with the school administrator or his or her designee after completing the classroom visitation and before leaving the school site.
 2. Contact parents or guardians who do not respond to the request to attend school pursuant to this section.
- d. If a teacher imposes the procedure pursuant to subdivision (a), the principal shall send a written notice to the parent or guardian stating that attendance by the parent or guardian is pursuant to law. This section shall apply only to a parent or guardian who is actually living with the pupil.
- e. A parent or guardian who has received a written notice pursuant to subdivision (c) shall attend class as specified in the written notice. The notice may specify that the attendance of the parent or guardian be on the day the pupil is scheduled to return to class, or within a reasonable period of time thereafter, as established by the policy of the board adopted pursuant to subdivision (a).

48900.5 Suspension shall be imposed only when other means of correction fail to bring about proper conduct. However, a pupil, including an individual with exceptional needs, as defined in Section 56026, may be suspended for any of the reasons enumerated in Section 48900 upon a

first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil's presence causes a danger to persons or property or threatens to disrupt the instructional process.

48911.1

- a. A pupil suspended from a school for any of the reasons enumerated in Sections 48900 and 48900.2 may be assigned, by the principal or the principal's designee, to a supervised suspension classroom or another place in the school for the entire period of suspension if the pupil poses no imminent danger or threat to the campus, pupils, or staff, or if an action to expel the pupil has not been initiated.
- b. Pupils assigned to a supervised suspension classroom or another place in the school shall be separated from other pupils at the school site for the period of suspension in a separate classroom, building, or site for pupils under suspension.
- c. School districts may continue to claim apportionments for each pupil assigned to and attending a supervised suspension classroom provided as follows:
 1. The supervised suspension classroom is staffed as otherwise provided by law.
 2. Each pupil has access to appropriate counseling services.
 3. The supervised suspension classroom promotes completion of schoolwork and tests missed by the pupil during the suspension.
 4. Each pupil is responsible for contacting his or her teacher or teachers to receive assignments to be completed while the pupil is assigned to the supervised suspension classroom or another place in the school. The teacher shall provide all assignments and tests that the pupil will miss while suspended. If no classroom work is assigned, the person supervising the suspension classroom shall assign schoolwork.
- d. At the time a pupil is assigned to a supervised suspension classroom, a school employee shall notify, in person or by telephone, the pupil's parent or guardian. Whenever a pupil is assigned to a supervised suspension classroom for longer than one class period, a school employee shall notify, in writing, the pupil's parent or guardian.
- e. This section does not place any limitation on a school district's ability to transfer a pupil to an opportunity school or class or a continuation education school or class.
- f. Apportionments claimed by a school district for pupils assigned to supervised suspension shall be used specifically to mitigate the cost of implementing this section.

BEHAVIOR MANAGEMENT

School wide and classroom management programs are keys to a school's success in helping students reach their potential academically and socially. A balanced management program that implements positive rewards, as well as consequences, creates opportunities for students to succeed and supports them in areas of needed character growth.

Character Education

We teach the Six Pillars of Character. They are:

- Trustworthiness - Be honest • Don't deceive, cheat, or steal • Be reliable — do what you say you'll do • Have the courage to do the right thing • Build a good reputation • Be loyal — stand by your family, friends, and country
- Respect - Treat others with respect; follow the Golden Rule • Be tolerant and accepting of differences • Use good manners, not bad language • Be considerate of the feelings of others • Don't threaten, hit or hurt anyone • Deal peacefully with anger, insults, and disagreements
- Responsibility - Do what you are supposed to do • Plan ahead • Persevere: keep on trying! • Always do your best • Use self-control • Be self-disciplined • Think before you act — consider the consequences • Be accountable for your words, actions, and attitudes • Set a good example for others
- Fairness - Play by the rules • Take turns and share • Be open-minded; listen to others • Don't take advantage of others • Don't blame others carelessly • Treat all people fairly
- Caring - Be kind • Be compassionate and show you care • Express gratitude • Forgive others • Help people in need
- Citizenship - Do your share to make your school and community better • Cooperate • Get involved in community affairs • Stay informed; vote • Be a good neighbor • Obey laws and rules • Respect authority • Protect the environment • Volunteer

Assemblies will be held monthly to reinforce these traits, as well as academic achievement.

Parent Concerns/Procedures

We suggest that you retain this Handbook as a reference and for periodic reminders to your child. Parents may have specific concerns about their child's program. Communication is the key to resolving their issues. The following procedure is set up to facilitate communication with the involved parties.

1. TALK TO THE TEACHER FIRST. Besides you, the teacher has the most direct contact with your child.
2. Talk with the Principal.
3. If the problem is still not resolved, the Principal will contact other appropriate school officials.
4. If there is no acceptable resolution then the parent/guardian may file a formal complaint. (See page 36 for information on the Uniform Complaint Procedures)

RIGHTS & RESPONSIBILITIES RELATED TO DISCIPLINE FOR STUDENTS, PARENTS,

CLASSIFIED STAFF, TEACHERS, ADMINISTRATORS, SCHOOL BOARD MEMBERS,
& PARENT VOLUNTEERS WHERE APPLICABLE

EACH STUDENT HAS A RIGHT TO . . .

- Be taught the required curriculum in a professional manner.

These will be discussed thoroughly at the beginning of the school year. If students break these classroom rules, each teacher will have the option to handle the situation according to his/her professional judgment, which may include after-school detention. In serious cases and/or repeated offenses, the consequences can include a disciplinary referral to the office.

- Students are responsible to all authorized school employees, and are expected to obey instructions quickly, quietly, and courteously, the first time.
- Students will obey all classroom and school rules.
- Students will treat others with courtesy and respect. This includes keeping hands, feet and objects to oneself. No vulgarity.
- Dishonesty, teasing, or put-downs including but not limited to race, religion, ethnic origin, size, or handicap are not allowed.
- Students will attend school daily unless ill or legally excused.

- Each student will have a pencil and/or pen, paper and binder as required by the individual teacher.
- Students will remain seated until the bell rings and the teacher dismisses the class.
- Since tardies affect academic pursuits, a student will be considered tardy if he/she is not in his/her seat and prepared to work when the tardy bell rings.
- Students will complete all assignments and meet deadlines.
- No gum, food, candy, or drinks will be allowed in class without prior permission.

EACH PARENT HAS A RIGHT TO . . .

- Expect his/her child to attend a school which emphasizes learning and growing in an environment free of detrimental influences.

- Be informed of disciplinary problems and actions.
- Due process for his/her child.
- Visit the school and observe programs when prior arrangements have been made.
- Be provided with a qualified translator when 15% of the students in school speak that language.

EACH PARENT HAS A RESPONSIBILITY TO . . .

- Be aware that he/she is legally obligated to share responsibility with the school for the behavior of his/her child while he/she is in transit or at school.

DISRUPTION THREATENING PUPIL'S IMMEDIATE PHYSICAL SAFETY

PC 626. 8 (a) Any person who comes into any school building or upon any school ground, or adjacent street, sidewalk, or public way and willfully or knowingly creates a disruption with the intent to threaten the immediate physical safety of any pupil in preschool, kindergarten, or any of grades 1-8, inclusive, arriving at, attending, or leaving from school is guilty of a misdemeanor.

DISCIPLINARY VIOLATIONS AND CONSEQUENCES

Due Process

Students facing major disciplinary action (such as suspension, expulsion or transfer to another school) have a right to a fair hearing. The process requires that procedures be established to guarantee that penalties which deny access to educational opportunity are administered for good and just cause. Due process procedures entitle students to: 1) oral or written notification of the charges; 2) explanation of the evidence; 3) opportunity to present his/her side of the story; and 4) a right to appeal decisions resulting in major disciplinary action to the next higher authority.

Detention

Students may be assigned detention as a part of the Student Conduct Code. Detention can be assigned by the teacher or site administration. The detention can involve doing school work or community service for the school. Detention may be assigned at break, lunch, or after school.

Alternate Placement

The Alternate Placement program provides the staff at the Middle Schools with an alternative to student suspension from school, thus allowing designated students to spend more days at school. Alternate Placement may include detention, Administrative Detention, assignment to another classroom or office. Students assigned to Alternate Placement must bring an appropriate amount of assigned class work from their regular classes. Violation of Alternate Placement rules and regulations will result in an immediate referral to the office for appropriate disciplinary action.

Search and Seizure (BP 5145.12)

Search and Seizure: Board Policy 5145.12 explains district policy and procedures on search and seizure, including the use of breath analyzers and metal detectors. The Governing Board recognizes that incidents may occur which jeopardize the health, safety and welfare of students and staff and which necessitate the search and seizure of students, their property, their lockers and/or vehicles by school officials.

School officials may search individual students and their property when there is a reasonable suspicion that the search will uncover evidence that the student is violating the law or the rules of

the district or the school. The Board urges that discretion, good judgment and common sense be exercised in all cases of search and seizure. When possible, staff may use a metal detector when searching an individual for weapons. The parent/guardian of a student subjected to an individualized search shall be notified by the school as soon after the search as possible.

Suspension from School

Definition: Suspension means removal of a student from on-going instruction for disciplinary purposes.

Teacher Suspension of a Student

A teacher may suspend, for any of the reasons contained in Section 48900 of the Education Code, any student from his/her class for the day of the suspension and the following day.

1. When a teacher suspends a student for any of the reasons contained in Section 48900, the teacher shall immediately report the suspension to the Principal/Designee for appropriate action.
2. As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent/teacher conference regarding the suspension. A counselor should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so requests.
3. A suspended student shall not be returned to class during the period of suspension without the approval of the teacher of the class and the Principal/Designee.

Principal/Designee Suspension of a Student

The Principal/Designee may suspend a student for any of the reasons contained in Education Code Section 48900 and/or 48915. The suspension shall be limited to five (5) consecutive school days per offense.

1. Suspension shall be preceded by an informal conference between the student, a certificated school employee and whenever practicable, the teacher or supervisor who referred the student to the Principal/Designee. At the conference the student shall be informed of the reason(s) for the disciplinary action and the evidence against him/her and shall be given the opportunity to present his/her version and evidence in support of his/her defense. The conference may be omitted if the Principal/Designee determines that an emergency situation exists, in that there is a clear and present danger to the lives, safety or health of students or school personnel. If the pre-suspension conference is not held, then a meeting shall be held as soon as practicable, but not later than two (2) school days from the day the suspension is ordered unless the student is physically unable to attend due to hospitalization, incarceration, etc., in which case the conference will be held as soon as the student is physically able to return to school unless the student waives the right to the conference.

In addition, the student's re-admission shall not be contingent on the attendance of the parents or guardian at such conference.

(Education Code 48913.)
 8. Completion of Assignments: The teacher of any class from which a pupil is suspended may require the suspended pupil to complete any assignments and tests missed during the suspension (Education Code 48913).

Social Probation/Activity Restriction

In Lammersville Unified School District we hold our students to high expectations, both academically and behaviorally. When students work hard to meet our expectations, we believe that it is important that their efforts are acknowledged. Therefore, throughout the school year we plan to have “reward” activities for those students meeting our expectations.

Reward activities that students earn can consist of the following, but are not limited to:

- School-wide assemblies, rallies, etc.
- Lunchtime activities
- After school sports, clubs, dances, and/or other events
- 8th grade end-of-the-year activities (see next page for more details)

Students not meeting our expectations may find themselves on the Activity Restriction List. This list of students is not entitled to attend these “reward” activities. A student will remain on “Activity Restriction List” until the next Progress Report Period or Trimester Grade Report (whichever comes first). At the beginning of the new grading period, every student receives a “clean slate” to earn activities for that grading period.

Listed below are the reasons students may find themselves on the Restriction List:

Academic Restriction: a grade point average (GPA) of less than 2.0 in any progress report period and/or trimester report period, an “F” in any subject in a progress report period or trimester report period

Attendance Restriction: 3 or more tardies to school, or 1 or more unexcused absences in any progress report period and/or trimester grade report

Behavior Restriction: 2 or more behavior referrals to the office; 1 or more In-House Suspension/Saturday Schools; 1 or more Suspensions in any one progress report period and/or trimester grade report

Financial Restriction: If money is owed for lost/damaged textbooks, overdue/unreturned library books, cafeteria bill, sports equipment/uniforms, and other school related items, a student will be placed on the Activity Restriction List until that bill is cleared

8th Grade End-of-the-Year Activities

Being in the 8th grade means that there are more activities to earn at the end of the school year. The activities that are specific to 8th grade students are:

- 8th Grade Field Day
- 8th Grade Dance
- 8th Grade Field Trip
- 8th Grade Promotion Ceremony

These activities are privileges earned by working hard throughout the 8th grade year. Students are not simply allowed to attend these events because they are 8th graders. All students must remain off of the Activity Restriction List in order to earn all of these activities (plus the school-wide activities). If an 8th grade student continues to be on the Activity Restriction List, they will progressively lose 8th grade activities, and ultimately promotion. Below are the guidelines for 8th grade activities and the Activity Restriction List:

- 2 grading periods on the Activity Restriction List = *loss of Field Day*
- 3 grading periods on the Activity Restriction List = *loss of Field Day **AND** 8th Grade Dance*
- 4 grading periods on the Activity Restriction List = *loss of Field Day, 8th Grade Dance **AND** 8th Grade Field Trip*
- 5 or more grading periods on the Activity Restriction List = *loss of **ALL** 8th Grade End-of-the-Year Activities, **including** the 8th Grade Promotion Ceremony*

Appealing a Suspension and/or Conditions of Probation

The student or the student's parent/ guardian may appeal the suspension and/or conditions of probation imposed by the Assistant Principal to the Principal of the school. This appeal must

occur within ten days of the incident. If the appeal is not resolved at the school site by the Principal, then the student or the student's parent/ guardian may appeal the suspension and/or conditions of probation to the Superintendent or the Superintendent's designee.

Under the provisions of Education Code 48914, the District has established the following procedures for appealing a suspension:

1. The student or student's parent/ guardian may appeal a suspension. The appeal shall be filed within ten (10) days of the time that the suspension and/or other disciplinary action took place. A meeting, if requested, may be held with the Principal for the appeal. The Principal shall make a decision regarding the appeal in a timely manner.
2. If the appeal is not resolved at the school site by the Principal, then the student or the student's parent/guardian may appeal the suspension to the Superintendent or the Superintendent's designee. The appeal shall be filed within ten (10) school days of the time that the Principal renders his/her decision. A meeting, if requested, may be held with the Superintendent or the Superintendent's designee. The procedure shall be as follows:
 - a. The Superintendent or Superintendent's designee shall determine if there was sufficient evidence to find that the alleged violation occurred, and whether the penalty was appropriate for the violation.
 - b. The student may designate a representative to be present with him/her at the meeting, but the representative shall not serve as legal counsel unless the district has a legal counsel present to represent the school district.
 - c. At the meeting the Superintendent or Superintendent's designee shall review all written documents in the case; and the student's parents or guardian and/or representative address the Superintendent or Superintendent's designee on the evidence or the appropriateness of the penalty.
 - d. The Superintendent or Superintendent's designee shall make a decision and inform the parent/s. If the Superintendent or Superintendent's designee determines that no violation occurred, all record and documentation regarding the disciplinary proceedings and suspension shall be immediately destroyed and no information regarding the meeting shall be placed in the student's permanent record file. If the Superintendent or Superintendent's designee determines that the penalty imposed was inappropriate for the violation, all records and documentation concerning the suspension and/or other disciplinary action shall be revised to indicate only the facts leading to the penalty imposed by the Superintendent or the Superintendent's designee.

SST

A Student Success Team (SST) meeting may be held, which is aimed at improving a student's academic and behavioral functioning. The Student Success Team (SST) is designed for students experiencing behaviors that result in serious barriers to learning. The primary focus areas of concern are: attendance, academics, behavior and health. SSTs are designed to provide an intermediate level of intervention when classroom and school site interventions have not been successful. Parent and student involvement in the SSTs intervention process is critical. The goal of SST is to prevent further loss of classroom time due to behaviors that may lead to suspension and/or expulsion.

Progressive discipline/intervention may include a SST referral prior to a DART.

DART

Discipline and Attendance Review Team- a DART is utilized at 10 days of suspension to develop a plan.

STUDENT CONDUCT CODE

Students at Altamont, Bethany, Lammersville, Questa and Wicklund are expected to obey all school rules, display excellent citizenship and realize rules are established for everyone's help and protection. This conduct code outlines behavior expectations for students and gives examples of possible consequences should rules be broken. Parents and school officials are partners in expecting positive student behavior. The school will notify parents, whenever possible, if their student is having a behavior problem at school. We enjoy and anticipate good parent support for our discipline plan. State law and good parenting require parents to respond to all school requests for parent conferences. Notification of parents will include telephone calls and/or written communications.

The Student Conduct Code provides an indication of the types of behavior violations and potential consequences that may apply to students whose behavior is related to school activity or attendance which occur at any time, including but not limited to the following:

- (1) While on school grounds.
- (2) While coming to or going from school.
- (3) During the period that school is in session when the student is truant from school.
- (4) During, or while going to or coming from, a school sponsored activity.

A student transferring from one middle school to another within the Lammersville Unified School District during a school year will be held accountable for his/her behavior record at the original school. (i.e. the behavior record transfers to the new school and is not canceled by the move).

All behavior violations shall be cumulative, regardless of the fact that they may pertain to different offenses. Also, in rare instances, the consequences outlined in the Student Conduct Code may be MODIFIED due to unusual circumstances. NOTE: Serious violations or violations of different sections of the Education Code can lead to maximum consequences on the first offense.

Unauthorized Group-related Conduct/Activity

Unauthorized Group-related Conduct/Activity on all school campuses and/or adjacent to the campus during all school sponsored events is a threat to the safety of others and is STRICTLY PROHIBITED.

Policy LAMMERSVILLE UNIFIED SCHOOL DISTRICT

approved: November 6, 2013 Mountain House, California

CONFLICT RESOLUTION POLICY BP 5138

The Lammersville Unified School District believes that all students have a right to a safe and healthy school environment. Part of a healthy environment is the freedom to openly disagree. With this freedom comes the responsibility to discuss and resolve disagreements with respect for the rights and opinions of others.

To prevent a conflict, each school within the Lammersville Unified School District will incorporate conflict resolution education and problem solving techniques into the curriculum and campus programs. This is an important step in promoting respect and acceptance, developing new ways of communicating, understanding, and accepting differing values and cultures within the school community and helps ensure a safe and healthy learning environment.

The Lammersville Unified School District will provide training to develop the knowledge, attitudes, and skills that students will need to choose alternatives to self-destructive, violent behavior and dissolve interpersonal and intergroup conflict. Lammersville Unified School District will adopt a Student Code of Conduct to be followed by every student while on school grounds, when traveling to and from school or at a school-sponsored activity, and during lunch period, whether on or off the campus.

The Student Conduct Code includes but is not limited to:

- a. Students are to resolve their disputes without resorting to violence.
- b. Students, especially those trained in conflict resolution and peer mediation, are encouraged to help fellow students resolve problems peacefully.
- c. Students can rely on staff trained in conflict resolution and peer mediation strategies to intervene in any dispute likely to result in violence
- d. Students needing help in resolving a disagreement, or students observing conflict may go to the office to contact an adult, or to set up an appointment with peer mediators.
- e. Students involved in a dispute will be referred to a conflict resolution or peer mediation session with trained adult peer mediators. Staff and mediators will keep the discussions confidential.
- f. Conflict resolution procedures shall not supplant the authority of staff to act to prevent violence, ensure campus safety, maintain order, and discipline students.

HOMEWORK IN LAMMERSVILLE UNIFIED SCHOOL DISTRICT

Homework

Homework is a teacher-planned learning activity which takes place largely outside of the pupil's regular school hours. As such, homework should reinforce classroom learning and expand on a pupil's school experience. The State Department of Education has established age appropriate guidelines for daily homework times. They are as follows: 1-2 grades – 30 minutes, 3-4 grades –

45 minutes, 5-6 grades – 60 minutes, 7-8 grades – 90 minutes. These may vary depending on the type of assignment being worked on.

If a call requesting homework for an ill student is received after 12:00 noon, the parent will be informed that the homework will be available the **following day after school**.

Board policy allows students that are absent for excused reasons to make up assigned work on a day per day absence basis. Students absent for unexcused reasons are required to obtain all work for the period they will be absent prior to the absence, and the work shall be turned in immediately upon their return to school. In the event of an emergency where the student cannot get assignments prior to the absence, a waiver may be granted by the Principal. Students failing to turn in work within the specified guidelines may receive credit for the assignments at teacher discretion.

REQUEST FOR OFFICIAL TRANSCRIPTS &/OR COPIES OF RECORDS

The District has provided forms for parents' requests for official transcripts. A copy of the form is provided on the next page.

ATTENDANCE AGREEMENT

Welcome to the Lammersville Unified School District (LUSD) for the 2014-2015 school year. Our main concern in the Department of Child Welfare and Attendance is the daily school attendance of all of the children in our community. Education Code 48200 requires compulsory daily school attendance for students 6 to 18 years of age. Our Superintendent, along with all district staff, is continuing our commitment to see our school’s academic programs improve. Improvement in our children’s achievement must start with *daily school attendance* and we feel this is *everyone’s responsibility*. Daily school attendance must start at home with the importance and value of education being stressed. It is vital for LUSD to build on this value, maintaining the essential partnership between school and home to ensure daily attendance. If your child is absent, California Education Code allows EXCUSABLE absences for the following reasons:

1. Illness
2. Medical/dental/eye appointments
3. Funeral services for immediate family
4. Quarantine
5. Administrative discretion

The parent/guardian of the student must send a note and/or phone the school to clear any of these excusable absences. Failure to excuse the absence will result in a recorded truancy on the student’s permanent record.

Another way to insure your child’s daily attendance is by reviewing the school district’s 2014-2015 calendar to plan family holidays and vacations to coincide with school holidays. Parent notification to the school of a student absence for a family vacation results in lost instructional time for the student and is not an *excusable* reason for absence. Some other examples of reasons that are NON-EXCUSABLE for student absences are:

- | | | |
|--------------------|--------------------|-----------------------------------|
| Going shopping | Visiting relatives | Family moving from one |
| home to another | | |
| Student’s birthday | Oversleeping | Child care by the student at home |
| Car trouble | | |

School staff may request you to attend a conference when your child is absent for *non-excusable* reasons.

Schools send a formal letter to the parents/guardians of students who accumulate three days of unexcused absences, numerous unexcused class periods, or numerous tardies. This letter will inform the family of a potential declaration of truancy on your child's school record according to Education Code 48260. Students with excessive absences may be required to submit a doctor's note. Please review this attendance information with your child and we ask that you sign this agreement and return it to the school office. The Lammersville Unified School District's goal for 2014-2015 is to improve our district's students' attendance to 100%. We appreciate your assistance in this goal since every day of good school attendance can count towards your child's continued academic success.

Thank you for your support, Paul Hall, Director, *Child Welfare & Attendance*

Parent needs to have read the above attendance information and will make every effort to ensure their child(ren) attends school every day that school is in session.

SEX EDUCATION AGREEMENT

Since 1988, AIDS Prevention Education curriculum has been in place in Lammersville Unified School District. An Advisory Committee composed of teachers, parents/community members, trustees, administrators, school health professionals and local clergy oversee the implementation of the curriculum and advise the School Board of Trustees. The focus of the AIDS curriculum is prevention and abstinence.

Ninth grade students enrolled in Biology will receive state approved curriculum: Positive Prevention. Every other year, eleventh and twelfth grade students will see a play sponsored by Kaiser Permanente entitled "SECRETS" which provides information for teenagers who are faced with the pressures of becoming sexually active in the age of HIV/AIDS & STD's. The program increases student awareness of AIDS and the transmission of HIV. It reduces apprehension and prejudice arising from misinformation and encourages risk-reducing choices and behavior. Also, Pregnancy Resource Center presents "RESPECT" to 9th grade PE classes. The RESPECT team is comprised of high school peer educators that present skits on the dangers of HIV/AIDS/STD's while stressing abstinence.

In accordance with our district policy, materials and information presented throughout the school year will be available on the school site for preview. Healthy Living Month and other special events will be announced in the school newsletter to give you ample time to preview.

If you **WANT** your child to receive this information, you would sign the parent notification (page 85) in the "**I approve**" option and return this to your child's second period teacher.

If you do **NOT** want your student to attend the AIDS activities, you would sign the parent notification (page 85) next to the line "**I do not** want my child to receive HIV/AIDS education".

You may revoke your permission for your child to receive this information by contacting the school at least two days prior to the event so that arrangements can be made for your child's regular instructional program.

VIDEO YEARBOOKS

Image Release for School Promotional Purposes

The middle school is producing a video yearbook this school year. The following statement allows the use of your student's image to be used in the video yearbook.

I hereby grant Lammersville Unified School District the right to record and use my child's image, likeness and/or voice on film or video tape for the use in public relations, yearbook and school information systems.

It is my understanding that Lammersville Unified School District owns the copyright to these images and recordings and I agree to waive any claims to them and thereby, grant permission for these images and recordings to be used for the purposes described above.

BEHAVIOR AGREEMENT AND STUDENT/PARENT NOTIFICATION

In order to insure a positive school year, please make sure that you read and review the Lammersville Unified School District **Student Handbook, including the Student Conduct Code**. Should you have any questions regarding the Behavior Agreement, please phone your Assistant Principal. We are looking forward to a great 2014-2015 school year. If we all work together, it will be a positive and productive one!

- **We, as Parents/Guardians, accept our responsibility to:**
 1. Read and understand the **Lammersville Unified 6-8 Grade School Student Handbook Conduct Code**.
 2. Make certain that our student is aware of the school rules, state laws, and district regulations contained in the student handbook.
 3. Fully comprehend the consequences for breaking the rules, regulations or laws.
 4. Pledge our cooperation in maintaining and encouraging appropriate school behavior from our student.

The personnel of **Lammersville Unified School District** will cooperate in notifying and working with students and parents in order to make education an enjoyable experience, will make misbehavior known to the students and to the parents/guardians when appropriate, and take timely and appropriate actions for such misbehavior. The staff also pledges to provide an orderly school climate. By working together, misbehavior can be minimized or eliminated entirely. Without disruptions of instructional programs, learning time can be increased for all students.

If comprehensive sexual health education is taught, the District shall follow state laws (*Education Code 51933*). The District may not pick and choose topics to teach. HIV/AIDS prevention instruction includes:

- How HIV is and is not spread.
- Discussion of ways to lower the risk of HIV, including:
 - Sexual abstinence and the latest medical information on ways to prevent sexually transmitted HIV infection.
- Discussion of the public health issues related to HIV/AIDS.
- Places for HIV testing and medical care.
- Making good decisions and staying away from risky activities.
- Discussion about society's views on HIV/AIDS and people with HIV/AIDS.

You can examine instructional materials at your student's school site or in the District's IMC department. If you have questions, please contact the teacher or principal at your child's school. State law allows you to remove your student from comprehensive sexual health education or HIV/AIDS prevention education. An alternative arrangement will be made for your student during sexual health education instruction.

The goal of a comprehensive sexual health education program is to help students learn the facts and to make good decision now and later in life.

The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.

"Immediate family," as used in this section refers to mother, father, grandmother, grandfather, or a grandchild of the pupil or of the spouse of the pupil, and the spouse, son, son-in-law, daughter, daughter-in-law, brother, or sister of the pupil, or any relative living in the immediate household of the pupil. (Ed. Code, § 48205)

Release of Student Information: The District does not release information or records concerning a child to noneducational organizations or individuals without parent consent except by court order, receipt of a lawfully issued subpoena, or when otherwise allowed by law. The following categories of directory information may be made available to various persons, agencies or institutions unless the parent or guardian notifies the District in writing not to release such information:

Name, address, telephone, date of birth, e-mail address, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, diplomas and awards received, and most recent previous educational institution attended. (Ed. Code, §§ 49060 et seq., 49073, 20 U.S.C. § 1232g, 34 C.F.R. § 99.7) In accordance with state and federal law, the District may also make available photographs, videos, and class rosters.

Directory information will not be released regarding a pupil identified as a homeless child or youth unless a parent, or pupil accorded parental rights, has provided written consent that directory information may be released. (Ed. Code, § 49073(c), 20 U.S.C. § 1232g, 42 U.S.C. § 11434a(2))

[NOTE: Notice of this item is required to be in the home language of the student, insofar as is practicable.]

Inspection of Student Records: State law requires that the District notify parents of the following rights which pertain to student records. (Ed. Code, §§ 49063, 49069, 34 C.F.R. § 99.7)

- a. A parent or guardian has the right to inspect and review student records relating directly to his or her child during school hours or obtain a copy of such records within five (5) business days of his/her request.
- b. Any parent who wishes to review the types of student records and information contained therein may do so by contacting the principal at his/her child's school. The principal of each school is ultimately responsible for maintenance of student records.
- c. A parent with legal custody has a right to challenge information contained in

his/her child's records. Any determination to expunge a student's record is made after a review of said record(s) by site administrators and certificated staff. Following an inspection and review of student records, the parent may challenge the content of the student's record. The right to challenge becomes the sole right of the student when the student becomes eighteen (18) years of age.

The parent may file a written request with the Superintendent of the District to remove any information recorded in the written records concerning the child which is alleged to be:

- (1) Inaccurate.
- (2) An unsubstantiated personal conclusion or inference.
- (3) A conclusion or inference outside of the observer's area of competence.
- (4) Not based on the personal observation of a named person with the time and place of the observation.
- (5) Misleading.
- (6) In violation of the privacy or other rights of the pupil.

Within thirty (30) days, the Superintendent shall meet with the parent/guardian and the certificated employee who recorded the information, if any, and if the person is still employed with the District, and sustain or deny the allegations. If the allegations are sustained, the Superintendent shall order the correction, removal or destruction of the information. If the Superintendent denies the allegations, the parent may appeal the decision to the Governing Board within thirty (30) days. The Board shall determine whether or not to sustain or deny the allegations. If the Board sustains the allegations, it shall order the Superintendent to immediately correct, remove or destroy the information from the written records of the student. (Ed. Code, § 49070)

If the final decision of the Board is unfavorable to the parents, or if the parent accepts an unfavorable decision by the District Superintendent, the parent shall have the right to submit a written statement of objections to the information. This statement shall become a part of the student's school record until such time as the information objected to is removed.

Both the Superintendent and the Board have the option of appointing a hearing panel in accordance with Education Code sections 49070-49071 to assist in the decision making. The decision as to whether a hearing panel is to be used shall be made at the discretion of the Superintendent or the Board and not of the challenging party.

d. A Student Records Log is maintained for each student. The Student Records Log lists persons, agencies or organizations requesting and/or receiving information from the records to the extent required by law. Student Record Logs are located at each school and are open to inspection by parents or guardians. (Ed. Code, § 49064)

e. School officials and employees having a legitimate educational interest, as well as persons identified in Education Code sections 49076 and 49076.5 and in the Family Educational Rights and Privacy Act, may access student records without first obtaining parental consent. "School officials and employees" are persons employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and District-employed law enforcement personnel), a Board member, a person or company with whom the District has contracted to perform a special service (such as an attorney, auditor, medical consultant, or therapist), or a parent or student whose access to student records is legally authorized. A "legitimate educational interest" is one held by a school official or employee whose duties and responsibilities create a reasonable need for access.

(Ed. Code, §§ 49063(d), 49076, 49076.5, 20 U.S.C. § 1232g)

f. Parents and guardians have the right to authorize the release of student records to themselves. Only parents and guardians with legal custody can authorize the release of student records to others.

g. Parents and guardians will be charged _____ (____) cents per page for the reproduction of student records.

h. Parents have a right to file a complaint with the U.S. Department of Education for alleged violations of parent rights related to student records. (20 U.S.C. § 1232g(g))

i. Parents may obtain a copy of the District's complete student records policy by contacting the Superintendent.

Family Educational Rights and Privacy Act: In addition, parents have certain rights regarding student information and records which are guaranteed under federal law. A handout notifying parents of these rights is attached.

Student Discipline: District and School rules pertaining to student discipline are available to parents or guardians of district students in the school office. (Ed. Code, § 35291) *[NOTE: The following language may be used to address off campus technology misuse; such language is optional and may be deleted:]* Students may be subject to discipline for off-campus misconduct if the misconduct is related to school activity or attendance and causes or is reasonably likely to cause a substantial disruption to school activity. For example, a student using technology such as a home computer, cellular phone, or other electronic device may be disciplined for bullying, engaging in unlawful harassment, or making threats against students, staff, or district property even if such misconduct occurred off-campus and during nonschool hours. (Ed. Code, §48900(r))

Dissection of Animals: If a student has a moral objection to dissecting (or otherwise harming or destroying) animals, or any part of an animal, the pupil must notify the teacher regarding such objection, and the objection must be substantiated with a note from the pupil's parent or guardian. If the pupil chooses to refrain from participating in such a project or test, and if the teacher believes that an adequate alternative education project or test is possible, then the teacher may work with the pupil to develop and agree upon an alternate education project or test for the purpose of providing the pupil an alternate avenue for obtaining the knowledge, information or experience required by the course of study. (Ed. Code, §§ 32255-32255.6)

Temporary Disability: A temporary disability which makes it impossible or inadvisable for a student to attend class may entitle the student to receive individualized instruction. It is the responsibility of the pupil's parent or guardian to notify the school district in which the pupil is deemed to reside of the pupil's need for individualized instruction. A student with a temporary disability who is in a hospital or other residential health facility, other than a state hospital, which is located outside the student's school district of residence shall be deemed to comply with the residency requirements of the school district in which the hospital is located. (Ed. Code, §§ 48206.3, 48207, 48208, 48980(b))

Student Residency: A student may be enrolled in the District if (1) the student's parent, legal guardian or other person having control and charge of the student resides in the District (Ed. Code, §48200); (2) the District has approved interdistrict attendance (Ed. Code, §

46600; (3) the student is placed in a regularly established children's institution, licensed foster home, or family home; (4) the student is a foster child who remains in his or her school of origin pursuant to Education Code Section 48853.5(d) and (e); (5) the student is emancipated and lives within the District; (6) the student lives in the home of an adult who has submitted a caregiver affidavit; or (7) the student resides in a state hospital within the District. (Ed. Code, § 48204) The law allows, but does not require, a district to accept a student for enrollment where at least one parent or legal guardian of the student is physically employed within the district's boundaries for a minimum of 10 hours during the school week. (Ed. Code, §48204).

Attendance Options: All districts must inform parents at the beginning of the school year how to enroll in a school within the district that is different than the one assigned. Students who attend schools other than those assigned by the district are referred to as “transfer students” throughout this notification. There is one process for choosing a school within the district which the parent lives (intradistrict transfer), and three separate processes for selecting schools in other districts (interdistrict transfer). (Ed. Code, § 48980(h)) *[NOTE: The following language is optional:]* There is also a process under the Open Enrollment Act for students enrolled in “low-achieving schools,” as identified annually by the State Superintendent of Public Instruction. (Ed. Code, § 48350 et seq.)

Attached is a copy of the District's Policy of Interdistrict and Intradistrict Transfers. Parents interested in interdistrict or intradistrict transfers should contact:

Khushwinder Gill, Ed. D, Assistant Superintendent
111 S. De Anza Blvd.
Mountain House, CA 95391
(209) 836-7460

The general requirements and limitations of each process are described as follows:

a. Choosing a School Within the District in Which Parent Lives: Education Code section 35160.5(b) requires the school board of each district to establish a policy that allows parents to choose the schools their children will attend, regardless of where the parent lives in the district. The law limits choice within a school district as follows:

- Students who live in the attendance area of a school must be given priority to attend that school over students who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be “random and unbiased,” which generally means students must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a student's academic or athletic performance as a reason to accept or reject a transfer.
- Each district must decide the number of openings at each school which can be filled by transfer students. Each district also has the authority to keep

appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.

- A district is not required to provide transportation assistance to a student that transfers to another school in the district under these provisions.

- If a transfer is denied, a parent does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents to appeal a decision.

b. Choosing a School Outside District in Which Parent Lives: Parents have three different options for choosing a school outside the district in which they live. The three options are:

i. Districts of Choice (Ed. Code, §§ 48300–48315): The law allows, but does not require, each school district to become a “district of choice”—that is, a district that accepts transfer students from outside the district under the terms of the referenced Education Code sections. The school board of a district that decides to become a “district of choice” must determine the number of students it is willing to accept in this category each year and make sure that the students are selected through a “random, unbiased process,” which prohibits student enrollment and district communications about enrollment from being based upon actual or perceived academic or athletic performance, or any other personal characteristic. If the number of transfer applications exceeds the number of students the school board is willing to accept, transfer approval must be determined by a random public drawing held at a regular board meeting. If the district chooses not to become a “district of choice,” a parent may not request a transfer under these provisions. Other provisions of the “district of choice” option include:

- Either the district to or from which a student would transfer may deny a transfer if it will negatively affect the racial and ethnic balance of the district, or a court-ordered or voluntary desegregation plan. The district a student would be leaving may also limit the total number of students transferring out of the district each year to a specified percentage of its total enrollment, depending on the size of the district.

- No student who currently attends a school or lives within the attendance area of a school can be forced out of that school to make room for a student transferring under these provisions.

- Siblings of students already attending school in the “district of choice” must be given transfer priority.

- A parent may request transportation assistance within the boundaries of the “district of choice.” The district is required to provide transportation only to the extent it already does so.

ii. Other Interdistrict Transfers (Ed. Code, §§ 46600–46611): The law allows two or more districts to enter into an agreement for the transfer of one or more students for a period of up to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions under which transfers are permitted. The law on interdistrict transfers also provides for the following:

- Once a pupil is enrolled in a school pursuant to an interdistrict transfer agreement, the pupil must be allowed to continue to attend the school in which he or she is enrolled without reapplying, unless revocation of the interdistrict transfer is a term and condition of the agreement between the districts; however, a district must not rescind existing transfer permits for pupils entering grade 11 or 12 in the subsequent school year.
- Upon request, a pupil determined to be the victim of an act of bullying by a pupil of the district of residence must be given priority for interdistrict attendance under any existing interdistrict attendance agreement or additional consideration for the creation of an interdistrict attendance agreement. (Ed. Code, §§ 46600(b), 48900(r))
- If either district denies a transfer request, a parent may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision.

iii. “Allen Bill” Transfers (Ed. Code, § 48204(b)): The law allows, but does not require, each school district to adopt a policy whereby the student may be considered a resident of the school district in which his/her parents (or legal guardian(s)) physically work for a minimum of 10 hours during the school week if that is different from the school district in which the student resides. This code section does not require that a school district accept a student requesting a transfer on this basis, but a student may not be rejected on the basis of race/ethnicity, sex, parental income, academic achievement, or any other “arbitrary” consideration. Other provisions of Education Code section 48204(b) include:

- Either the district in which the parent (or legal guardian) lives or the district in which the parent (or legal guardian) physically works may prohibit the student’s transfer if it is determined that there would be a negative impact on the district’s desegregation plan.
- The district in which the parent (or legal guardian) physically works may reject a transfer if it determines that the cost of educating the student would be more than the amount of state funds the district would receive for educating the student.
- There are set limits (based on total enrollment) on the net numbers of students that may transfer out of a district under this law, unless the district approves a greater number of transfers.

- There is no required appeal process for a transfer that is denied. However, the district that declines to admit a student must provide in writing to the parent the specific reasons for denying the transfer.

[NOTE: The following language is optional, but may be used regardless of whether the District has a school on the Open Enrollment List:]

c. Applying to Attend a School under the Open Enrollment Act: The Open Enrollment Act allows the parent of a pupil enrolled in a “low-achieving school” to submit an application for the pupil to transfer to another public school served by the school district of residence or another school district. (Ed. Code, § 48350 et seq.) The parent must submit an application requesting a transfer to the school district in which the parent does not reside, but in which the parent intends to enroll the pupil. With some exceptions, the application must be submitted prior to January 1 of the school year before the school year for which the pupil is requesting a transfer. Both of the school districts from which and to which the parent has applied to transfer may prohibit or limit pupil transfers in accordance with the Open Enrollment Act. Additionally, the school district in which the parent does not reside, but in which the parent intends to enroll the pupil may adopt specific, written standards for acceptance and rejection of applications pursuant to the Open Enrollment Act. (Ed. Code, § 48356)

Sexual Harassment Policy: Each student will receive a written copy of the district policy on sexual harassment. The purpose of this policy is to provide notification of the prohibition against sexual harassment as a form of sexual discrimination and to provide notification of available remedies. A copy of the District's policy on sexual harassment is attached. (Ed. Code, §§ 231.5, 48980(g))

Notice of Alternative Schools: California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- Recognize that the best learning takes place when the student learns because of the student's desire to learn.
- Maintain a learning situation maximizing student self-motivation and encouraging the student in his or her own time to follow his or her own interests. These interests may be conceived by the student totally and independently or may result in whole or in part from a presentation by the student's teachers of choices of learning projects.
- Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous permanent process.
- Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information

concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for parent information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. (Ed. Code, § 58501)

Nutrition Program: The State Department of Education has established a statewide program to provide nutritious meals and milk at school for pupils, and to provide free meals to the neediest children. In some instances, nominal cash payments may be required. (Ed. Code, § 49510 et seq.)

U.S. Department of Education Programs: The following applies only to programs directly funded by the U.S. Department of Education:

All instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation shall be available for inspection by the parents or guardians of the children.

No student shall be required, as part of any applicable U.S. Department of Education funded program, to submit to a survey, analysis, or evaluation that reveals information concerning:

- a. political affiliations;
- b. mental and psychological problems potentially embarrassing to the student or his family;
- c. sex behavior and attitudes;
- d. illegal, anti-social, self-incriminating and demeaning behavior;
- e. critical appraisals of other individuals with whom respondents have close family relationships;
- f. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
- g. religious practices, affiliations, or beliefs of the student or student's parent; or
- h. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program) without the prior consent of the student (if the student is an adult or emancipated minor), or in the case of an unemancipated minor, without the prior written consent of the parent.

(20 U.S.C. § 1232h)

[NOTE: If applicable, include the following; otherwise, delete:]

In compliance with this section, attached to this Notice are the following documents:

- A schedule of activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information;
- A schedule of any survey containing one or more of the items referenced as (a)-(h) in the foregoing paragraph regarding "U.S. Department of Education Programs."
- A schedule of any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled in advance, and not necessary to protect the immediate health and safety of any student. (20 U.S.C. § 1232h)

Fingerprint Programs: With the written consent of the parent or guardian, kindergarten or newly enrolled students may be fingerprinted. The fingerprint document may not be retained by the District but must be delivered to the parent or guardian. A fee shall be charged to the parent or guardian to reimburse the District for its actual cost. (Ed. Code,

§§ 32390, 48980(f) [*NOTE: This paragraph applies only to districts electing to provide a fingerprinting program pursuant to Ed. Code § 32390.*]

Uniform Complaint Procedures:

Complaints Alleging Discrimination, Harassment, Intimidation, and Bullying:

State and federal law prohibit discrimination in education programs and activities. The District is primarily responsible for compliance with federal and state laws and regulations. (Cal. Code Regs., tit. 5, § 4620.)

Under state law, all pupils have the right to attend classes on school campuses that are safe, secure, and peaceful. (Ed. Code, § 32261.) State law requires school districts to afford all pupils equal rights and opportunities in education, regardless of their actual or perceived characteristics, such as disability (mental and physical), gender (includes gender identity, gender expression, and gender-related appearance and behavior whether or not stereotypically associated with the person's assigned sex at birth), nationality (includes citizenship, country of origin and national origin), race or ethnicity (includes ancestry, color, ethnic group identification and ethnic background), religion (includes all aspects of religious belief, observance and practice, including agnosticism and atheism), sexual orientation (heterosexuality, homosexuality or bisexuality), or association with a person or group with one or more of these actual or perceived characteristics. (5) Complaints alleging that the District took no action within sixty (60) days regarding a complaint originally filed with the District.

(6) The District refuses to respond to the State Superintendent's request for information regarding a complaint originally filed with the District.

d. Discrimination complaints must be filed within six (6) months of the date the alleged discrimination occurred, or within six (6) months of the date the complainant first obtained knowledge of the facts of the alleged discrimination. Within that six (6) month period, complainant may file a written request with the State Superintendent of Public Instruction for an extension of up to ninety (90) days. Extensions will not be automatically granted, but may be granted for good cause. (Cal. Code Regs., tit. 5, § 4630(b))

Notification of Rights Under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate or misleading. They should write the School principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise the parent or eligible student of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

[OPTIONAL: PICK ONE] Upon request, the School discloses education records, without prior consent, to officials of another school district in which a student seeks or intends to enroll. -
OR - The School will make a reasonable attempt to notify the parent or eligible student of a records request by officials of another school district in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

Board Policy
Interdistrict Attendance**

BP 5117
Students

The Governing Board recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons.

(cf. 5116.1 - Intradistrict Open Enrollment)

The Board desires to communicate with parents/guardians and students regarding the district's educational programs and services.

Upon request by students' parents/guardians, the Superintendent or designee may annually approve or deny interdistrict attendance permits with other districts on a case-by-case basis to meet individual student needs.

The Superintendent or designee may limit the number of student transfers out of the district to a school district of choice based on the percentages of average daily attendance specified in Education Code 48307.

The interdistrict attendance permit shall not exceed a term of five years and shall stipulate the terms and conditions under which interdistrict attendance shall be permitted or denied.
(Education Code 46600)

The Superintendent or designee may deny interdistrict attendance permits because of overcrowding within district schools or limited district resources.

The Board shall annually determine the number of interdistrict transfer students the district will accept for the following school year. The Board shall also identify the schools, grade levels, and programs that will be able to accept these additional students.

Because the district admits students in accordance with the school district of choice program pursuant to Education Code 48300-48315, the Superintendent or designee may admit a student based on an individual interdistrict attendance permit only in situations of extreme need and upon the request of the district of residence.

HEALTHY SCHOOLS ACT OF 2000

Notice to all students, parents/guardians and employees of the Lammersville Unified School District:

Assembly Bill 2260 went into effect on January 1, 2001. This legislation enacted Education Code sections 17608 et seq. which require, among other things, that school districts notify parents and staff about the use of pesticides at school. The purpose of this legislation is to reduce exposure to toxic pesticides through information and application of an integrated pest management system at schools. Towards this end, and pursuant to the requirements of this legislation, please be advised of the following:

The Lammersville School District expects to use the following pesticides at its campuses during the upcoming year:

<u>Pesticide Name</u>	<u>E.P.A. Reg. Number</u>	<u>Active Ingredient(s)</u>
-----------------------	---------------------------	-----------------------------

Parents/guardians of the Lammersville Unified School District can register with the District's designee, Director of Maintenance Operation and Transportation, to receive notification of individual pesticide applications by calling (209) 836-7460. Persons who register for this notification shall be notified at least seventy-two (72) hours prior to the application, except in emergencies, and will be provided the name and active ingredient(s) of the pesticide as well as the intended date of application.

If you wish to access information on pesticides and pesticide use reduction developed by the Department of Pesticide Regulation pursuant to California Food and Agricultural Code section 13184, you can do so by accessing the Department's web-site at www.cdpr.ca.gov.

CHILD ABUSE REPORTING GUIDELINES AND PROCEDURES

The following information will assist parents and guardians in determining whether or not child abuse has occurred and, if so, how to file a complaint of child abuse with local law enforcement. This information has been taken from the California Child Abuse and Neglect Reporting Act in the California Penal Code and from sections of the California Education Code.

Child Abuse Can Be Any of the Following:

A physical injury which is inflicted on a child by another person other than by accidental means.

The sexual abuse, assault, or exploitation of a child, such as:

- The negligent treatment or maltreatment of a child by a person responsible for the child's welfare under circumstances indicating harm or threatened harm to the child's health or welfare, whether the harm or threatened harm is from acts or omissions on the part of the responsible person;
- The willful infliction upon a child of any cruel or inhumane corporal punishment or any injury resulting in a traumatic condition; or
- The willful harming or injuring of a child or endangering of the person or the health of a child where the person responsible for the child's welfare is a licensee, administrator, or employee of any facility licensed to care for children or an administrator or employee of a public or private school or other institution or agency.

Child Abuse Does *Not* Include:

A mutual fight between minors;

An injury that is caused by the actions of a peace officer using reasonable and necessary force within the scope of his or her employment; or

An injury caused by any force that is reasonable and necessary for a person employed by or engaged in a school:

- To stop a disturbance threatening physical injury to people or damage to property;
- For purposes of self-defense;
- To obtain possession of weapons or other dangerous objects within control of a pupil; or
- To exercise the degree of control reasonably necessary to maintain order, protect property, protect the health and safety of pupils, and maintain proper and appropriate conditions conducive to learning.

How to File a Complaint of Child Abuse Committed at a School Site

Parents and guardians of pupils have the right to file a complaint against a school employee or other person that they suspect has engaged in abuse of a child at a school site. To file a complaint, the parent or guardian must file a formal report with an appropriate local law enforcement agency. An appropriate law enforcement agency may be one of the following:

A Police or Sheriff's Department (not including a school district police department or school security department)

A County Probation Department if designated by the county to receive child abuse reports, or

A County Welfare Department/County Child Protective Services.

The complaint may be filed over the telephone, in person, or in writing. A complaint may also be filed at the same time with your school district or county office of education. School districts and county offices of education, however, do not investigate child abuse allegations.

The local law enforcement agency is required to investigate all complaints.

In addition, if the child is disabled and enrolled in special education, a separate complaint may be filed by the parent or guardian with the California Department of Education (CDE) according to Title 5 of the California Code of Regulations Section 4650(a)(vii)(c). The CDE does not, however, investigate allegations of child abuse but rather investigates the conditions that may involve immediate physical danger or threaten the health, safety, or welfare of the child or children or which may result in denial of a free and appropriate public education.

If the complaint of child abuse is "substantiated" or confirmed by the local law enforcement agency, meaning that the report of child abuse or neglect, as determined by the law enforcement investigator who conducted the investigation, is, based upon the evidence, more likely to have occurred than not, then a report of the investigation will be transmitted by the law enforcement agency to the governing board of the local school district or County Office of Education. A confirmed report of child abuse or neglect received by a governing board of a school district or County Office of Education will be subject to the provisions of California Education Code section 44031, which gives school employees certain rights regarding personnel information and records.

In addition, a confirmed report shall be forwarded by the law enforcement agency that investigated the complaint to the California Department of Justice according to California Penal Code Section 11169 and notice will be provided to the alleged child abuser that he or she has been reported to the Child Abuse Central Index, as maintained by the Department of Justice.

This guidance is mandatory only to the extent that it cites a specific statutory and/or regulatory requirement. Any portion of this guidance that is not supported by a specific statutory and/or regulatory requirement is not prescriptive pursuant to California Education Code Section 33308.5.
