Welcome to the WPS Media Center! We are excited to work with your child and provide books for them to enjoy. When I read with students, I work hard to project my love for books to them. We discuss what the book is about, why characters act in the way they do, and what the story can teach us about life. I absolutely love reading books to children! I also enjoy helping students figure out what kind of books they enjoy. I believe that most people who say that they "don't like to read" simply haven't found the right book. My job is to help them find it.

We do teach your child proper book care, and ask that you help us keep our books in great shape by doing the same at home. The main book care guidelines are:

1. **Keep the book in your book bag unless you are reading it.**
2. **Never get a book wet. (Rain, bath/shower, drinks)**
3. **Keep books away from younger children and pets.**
4. **Keep books away from food and drinks.**
5. **Read with clean hands.**
6. **No writing or drawing in library books.**

We must charge students with lost or damaged books for the cost to repair or replace that book. Books can range in price from $5-$20. The majority of losses come from leaving the book at daycare, a relative's house, or on the bus; or siblings or pets getting the book and damaging it. ***If students follow rule #1, and leave the book in the book bag unless reading it, most losses would be prevented.***

The replacement cost may seem expensive, but we purchase library bound books that are built to last, with proper care. In order for your child to check out books from our library or take library books home from their classroom, please sign the form below. I can't wait to go on a journey through books with your child!

Laura Withers
WPS Media Specialist

____ Yes, my child can check out and take home library books.

____ No, my child may not check out library books or take them home.
