

Welcome to St. Anthony High School Athletics! During the summer, students can participate in a variety of sports as they prepare for the upcoming seasons. Below, you will see those sports that are offered during the summer, the dates and times of summer practices, and coaches contact information. You can also click on the hyperlink for each sport to check out the entire athletic calendar including summer practices and a majority of scheduled games for the upcoming school year. If you have any questions regarding these particular programs, feel free to contact either the coach via phone or email. We realize that some of you have already made vacation plans for the summer. In addition, we also realize that there might be some minor scheduling conflicts between some programs. Please communicate these plans and/or conflicts with your coaches in order to avoid any confusion regarding their commitment. All programs will charge a nominal fee, which will be communicated by the coach, in order to cover the costs associated with running a summer program. ***Please note that incoming students may not participate in any summer programs until they have completed their current school year.***

In addition, all student-athletes must be cleared online prior to participation in any sport. Please register your student at [www.AthleticClearance.com](http://www.AthleticClearance.com) for the 2019-20 school year beginning June 1st. For more information regarding this process, click [HERE](#).
