

**HISPANIC
FOUNDATION**
OF SILICON VALLEY

What We Do

The **Hispanic Foundation College Success Center (HFCSC)**, was established to address our communities need for educational resources and to increase the number of Latino youths going to and through college. Since 2016, we have worked towards creating a one-stop hub that offers a place for both students and parents to obtain information on college access, advice, guidance, workshops, and online resources.

By partnering with other nonprofit organizations who are subject area experts, the HFCSC is able to deliver excellent programming to Latino youths and parents in the community.

HFCSC SERVES OVER 1,500 STUDENTS

HFCSC SERVES OVER 300
STUDENTS & PARENTS
