

Academy of Saint Elizabeth
2019 Panther Prints Summer Reading & Assignments

We are excited to share our new annual theme initiative. Each year, we will explore a theme that can span across all areas of Academy life. We will engage with theme in academic, extra-curricular, administrative, and faith areas.

Our **Panther Prints All-School Summer Reading** asks all Academy members to begin this exploration together, sharing a common reading experience from which to begin. This literacy initiative will kick off a community-wide discussion of ideas, questions and topics that take us beyond the walls of the Academy.

With that, we invite you all to join us on our maiden voyage. We will begin our year with the **2019 Panther Prints All-School Summer Reading** selection:

The Curious Incident of the Dog in the Night-Time by Mark Haddon

Our yearlong theme for 2019-2020 is:

CURIOSITY

SCIENCE DEPARTMENT

AP Biology: (grades 11+12)

Purchase *Cracking the AP Biology Exam, 2019 Edition* by The Princeton Review and read Part I - Using this Book to Improve Your Score, Part III - About the AP Biology Exam. Read and outline Ch. 4 - Chemistry of Life and Ch. 5 - Cells. Also complete the review question “drills” at the end of *Chapters 4 & 5.*

All assignments are due Thursday, September 5. Bring your Princeton Review book and associated outlines with you to be checked in class.

AP Chemistry : (grades 11+12)

Complete the AP Chemistry Summer Packet, which can be found on Google Classroom.

Assignment is due Thursday, September 5, to be collected in class.

Chemistry Honors: (grades 10+11)

Read and fully outline Chapter 1 in the textbook *Chemistry* by Chang and complete the associated problem set packet. (Chapter 1 and the packet will be scanned and placed on Google Classroom.)

All assignments are due Thursday, September 5. The completed packet will be collected in class.
