March 15, 2019

Dear Greensburg Salem Parents and Guardians,

Under the federal Every Student Succeeds Act, states are required to designate schools for support and improvement based on both school wide (Comprehensive Support and Improvement) and student group (Additional Targeted Support and Improvement) performance on a range of academic and student success measures.

The Greensburg Salem Senior High School is one of roughly 200 schools statewide designated for Additional Targeted Support and Improvement. This designation is based on data suggesting the need to prioritize additional supports for our Students with Disabilities in the following areas: academic proficiency on state assessments, academic growth, and graduation rate. This designation will provide opportunities for our school to partner with stakeholders to identify our school community's most pressing needs, select strategies to support those needs, and work together to implement the selected strategies.

You can inform the improvement process at Greensburg Salem Senior High School in the following ways:

Work closely with your child's teachers to identify what additional help or tutoring are available for your child. Frequent communication between the school and home can facilitate mutual support and mutual instructional strategies to help your child succeed in school.

If you would like more information regarding the ATSI designation, please contact Mr. Todd McMillen, Coordinator of Student Services at 724-832-2906 or myself.

Sincerely,

Dr. Gary Peiffer
Superintendent
