

BRMS Supply List By Subject/Teacher

This list is broken into two parts. The first part are items that all teachers in a content area are requesting. The second part in the box are items specific to your child's teacher. You can feel free to purchase the items required in the content area whenever you are ready but the items your child's specific teacher is requesting you will have to wait to purchase until you receive their schedule in mid August.

When you get your child's schedule, if you do not see their teacher listed below please visit their website on the school page for supply information. If the teacher has not yet posted their supply list then they will likely provide a required supply within the first week of school.

In addition to the items below it is always useful to have certain supplies on hand at home for projects. Such items are: markers, colored pencils, scissors, glue, construction paper, poster paper.
