After-School Dismissal Procedures

1. Prohibition Against Students Walking to or from School

Students are expressly prohibited from walking to school or, upon dismissal, from walking home from school.

2. Starting and Dismissal Times and Procedures for Regular School Days, Early Dismissal Days, Delayed Openings, and/or Any Other Starting or Dismissal Times Whether due to Emergencies, Weather or Other Events

The normal starting and dismissal times shall be as specified in the district's school calendar. The starting and dismissal times for a typical two hour delayed opening are also listed there. In case of inclement weather, students may be dismissed at any time school is in session. For immediate information, parents/guardians are advised to check the district's website at <https://www.mtps.org/> or the Township's Cable TV Station Channel 77. Parents may also listen for information on various radio and television stations such as News 12 New Jersey, NBC Channel 4, Fox 5, WCTC/WMGQ, WOR and WADB/WJLK. In the event of an early dismissal, all after-school activities scheduled that day, except for the Champions After-School Program, shall be cancelled. The Champions Program will remain open for a 2-hour period following an early dismissal due to inclement weather. On one session days, the Champions program will remain open its normal hours.

3. The Number of Staff Assigned to Student Supervision Duties at Dismissal

A minimum of four (4) staff members shall be assigned to supervise students during after-school dismissal.

4. The Responsibilities of Said Staff

These staff members will be responsible for the safe and orderly dismissal of students exiting school and getting on school buses.

5. Where the Staff will be Located and/or Patrol during Dismissal

To accomplish this, at least one staff member will be assigned to each of the following areas during dismissal: one in the hallway and three outside.

6. How Long the Staff will Perform Such Supervision Duties

During student dismissal, assigned staff shall normally be on duty for 15 minutes, in which time may be extended in unusual situations.

7. Designated Pick Up and Drop off Areas at Each School Building

The designated pick-up and drop off areas for school buses shall be at the following areas:

- In front of the school building at both entrances

Designated pick-up and drop off areas for privately owned or non-district owned vehicles shall be at the following areas:

- Auxillary parking lot located next to the building

8. The Procedures for Early Dismissal Days

On early dismissal days, student dismissal for kindergarten shall be conducted in the same way it is conducted on regular dismissal days.

On early dismissal days, student dismissal to accommodate the arrival and dismissal of AM/PM preschool students concurrently.

9. Where Students will be Supervised While Awaiting their Parent, Legal Guardian (hereinafter referred to as "guardian"), other Designated Escort/Entity and/or Designated Transportation Service as Well as the Specific Procedures to be Followed by Staff Who are Supervising the Students

There may be occasions when students will be dismissed to a parent/guardian, other designated escort and/or designated transportation service. In such cases, the school shall ensure that students awaiting pick up shall be properly supervised by appropriate school staff. When a student is dismissed to a designated individual or service, said individual or service shall produce photo ID e.g., a picture driver's license.

A parent/guardian must notify the building principal, in writing, if he/she has contracted with another transportation company, school, before or after school

child care company or other private contractor to drop off or pick up his/her child before or after school. If the individual picking up is not the parent, a note must be sent to school prior to dismissal, stating the name of the person who the parent has designated for pick-up.

10. Retention of Records for Individuals/Entities Designated to Transport Students at Dismissal.

A building principal shall keep a record for each student of all individuals/entities that the parent/guardian has designated in writing as eligible to escort the student to or from school grounds. An individual must be at least 18 years old to be designated as an escort by a student's parent/guardian. If a particular dismissal request cannot be accommodated, the building principal/designee shall inform the parent/guardian, whenever practicable, in writing. Otherwise, the principal/designee shall contact the parent/guardian by phone.

11. Provisions for Supervision When Parent, Guardian, other Designated Escort/Entity or Designated Transportation Service is Unable to Pick up the Child at the Appropriate Dismissal Time.

There may be situations where a designated individual or service is unable to pick up a student at the appropriate dismissal time. In those cases, the student shall be retained and properly supervised by appropriate staff members in the school pending the arrival of the parent or person designated by the parent.

12. The Procedures That a Parent/guardian Will Follow When Notifying School Officials of any Change in his/ her Child's Dismissal Preferences.

At certain times, a parent/guardian may wish to change his/her child's dismissal preferences, in which case he/she must notify the school office in writing, or in cases of an emergency, by phone prior to the change.

Principals must maintain a record of all individuals whom parents/guardians have previously designated as eligible to escort their child(ren) to and from school. If a parent/guardian subsequently informs the school of an emergency situation and that individual's name is not presently listed in the Genesis Parent Portal for their child that they are eligible to escort the child home from school, the principal/designee should immediately document the parent's/guardian's request in the child's parent portal. The escort shall be required to sign in at the main office and show a picture identification card prior to the child's release into his/her custody. In addition, the principal/designee will contact the parent/guardian to update their child's Parent Portal account to reflect this newly designated individual be added to the list of emergency contacts for their child. The principal/designee shall maintain all responses to this inquiry.

Grades K through 5

Parents/guardians of students in grades kindergarten through 5 who want their child to either leave from school on a different school bus or be taken to a different bus stop (for an extended amount of time) must make a request, in writing, to the principal/designee who has the discretion to grant the request. The parents/guardians shall complete a form which shall include the date of and reason for the requested change, the name of the person assuming responsibility for the child at the new bus stop and the dates for which the request is in effect. Said form shall be available through the district's website, each school office or the transportation department. Parents/guardians without access to a form shall submit a note containing these required elements of the district-developed form.

Grades 6 through 8

Parents/guardians of students in grades six through eight who want their child to either leave from school on a different school bus or be taken to a different bus stop must make a request, in writing, to the principal/designee. At the discretion of the principal/designee, such requests may be granted only in urgent or emergency situations, or in other circumstances as determined by the principal/designee. The parents/guardians shall complete a form which shall include the date of and reason for the requested change, the name of the person assuming responsibility for the child at the new bus stop and the dates for which the request is in effect. Said form shall be available through the district's website, each school office or the transportation department. Parents/guardians without access to a form shall submit a note containing these required elements of the district-developed form.

Should an unsubstantiated source telephone or otherwise contact the district and request that an unauthorized individual escort a student home, the parents must first be called by the principal/designee to ascertain if they approve of the release of their child to that unauthorized individual. If they approve the escort, then the escort should be required to show picture identification to confirm his/her identity and sign the child out prior to the child's release into his/her custody. Parents should then be requested, to review their child's parent portal account and determine whether this newly designated individual needs to be added to the list of emergency contacts for the child. However, if the parents cannot be contacted to verify either the unsubstantiated source or the unauthorized escort, then the student would not be released to that individual.

13. Provisions for Supervision When a Child is Picked up From or Dropped Off at the District's Before or After Child Care Program, which is Operated by a Private Contractor.

Parents/guardians may choose to place their child in the district's before or after school child care program, which is operated by a private contractor. It is not the responsibility of the school or the school district to supervise students or otherwise be responsible for their safe arrival or dismissal from the program. Said responsibility shall reside with the private contractor and/or the parents/guardians.

14. Procedures When School Events are Sponsored by PTA, PTO, or SCOPE, or Other Similar Organizations Sanctioned by the School District.

Special assemblies and events sponsored by one of the organizations listed above shall follow procedures normally in place for school or district sponsored events, including the use of parent notification and permission forms. Organizations sponsoring an evening athletic event, dance, etc., shall be required to inform parents/guardians of each event in writing and shall further seek their written permission for their child to attend the event. The information provided to parents/guardians shall include student arrival and dismissal procedures and shall clearly state that the District is not responsible for the supervision of students during their arrival to and dismissal from the event.

15. Procedures to Ensure that Non-custodial Parents Against Whom Restraining Orders Have Been Issued do not Seek to Take Their Children from School.

Staff members in leadership positions with respect to an event (e.g., chaperones, advisors, coaches, administrators) need to be aware of the name of any adult who is the subject of a restraining order. Should this adult sign in at a school as either a visitor or seek to take the child home, the police should be notified, and the child cannot be released into the adult's custody. Should an adult against whom a restraining order has been issued be observed at a school sponsored event, the police must be notified if the restraining order prohibits his/her presence. A copy of the restraining order should be provided to the police upon their arrival and the custodial parent must also be notified.

16. Procedures to Ensure the Safe and Orderly Dismissal of Students from High Attendance Events of Large Student Gatherings.

To the extent possible, students shall not be dismissed into high traffic areas. Parents/guardians of students attending these events shall pick up their children or have them picked up by other authorized adults at the designated dismissal time. The school shall not be responsible to arrange for or coordinate student dismissal at these events.

TRANSPORTATION PROCEDURES

- Parents/guardians should be familiar with school dismissal times for regular and one session days.
- Parents/guardians must be available at home at school dismissal time, not the time the bus usually arrives at the stop.
- The district's responsibility is to select a bus stop and provide safe transportation to and from the bus stop and the school. Parents/guardians are responsible for their child or children from the house to the bus stop and from the bus stop to the house.
- To ensure the safety and well-being of all students, parents/guardians are restricted from boarding the school bus.
- All students are picked up and dropped off only at their assigned bus stop, unless because of an emergency, parents/guardians request a bus and/or bus stop change. Parents/guardians must send a written request to school personnel on or before the morning of the requested change. This note must be signed by school personnel authorizing the change in stop or bus route and given to the driver. Play dates do not qualify as an emergency.
- Drivers must see a parent/guardian before allowing kindergarten and preschool students to get off the bus. If a parent/guardian is not visible to the driver, or the parent/guardian cannot be reached on the home telephone, the student will be returned to school. Also included in this group are other students with disabilities assigned to self-contained classes and requiring van transportation with an attendant.
- When an unsubstantiated source telephones or otherwise contacts the transportation department or school bus driver requesting a bus stop change for a student after the bus departs the school but before the time the bus arrives at the student's designated stop, the unsubstantiated source will be informed that because there is no written authorization for a bus stop change from the school the student will be returned to school.
- In instances where students are returned to school, parents/guardians must arrange their own transportation from school to home.

- If a parent/guardian has an emergency that requires a student to board the bus at a different stop along the route or ride a different bus to school, the parent/guardian must write a note and have his or her child give it to the driver explaining the situation and giving permission for the student to ride to school from a different location. This practice is used only to take a student to school. It cannot be expanded to having the student going home from school to a location different than the designated stop.
- If a student is not riding the bus home from school, the parent/guardian must sign out the student in the school office or designated location. Once a student boards the bus he or she will not be released to a parent/guardian without that parent/guardian going into the school office and signing the student out.
- Parents/guardians should plan ahead for emergency closings. If inclement weather is forecasted, parents/guardians must make sure that someone will be available at home in the event of an early dismissal, especially in the case of younger children. Just as carpools are arranged in advance for various commitments, so should plans for student care be pre-arranged for emergency school closings. Parents/guardians should note that in certain situations not all schools may be affected. Some parents/guardians depend on a high school or middle school student to care for younger siblings. In some circumstances, these older students may still be in school when students from the elementary schools are dismissed.
