

Friends School Haverford recognizes that children learn in original and varied ways and strives to meet the unique academic and social needs of each student. Our Learning Resource Team (LRT) is available to support teachers, children, and families to provide the optimal academic experience, while reviewing progress and “thinking ahead” to each developmental milestone.

Within the FSH program, teachers differentiate curriculum to engage a diverse community of learners. We also provide levels of support to ensure that each student is able to meet their full potential. Friends School Haverford is committed to hiring support coaches that have a positive demeanor with children, understand the school community and curricula, implement strategies successfully, and communicate effectively with the Learning Resource Team. Our support system allows for flexibility and a fluid dynamic when working with children. The Admissions Committee and LRT determine the level of support needed for each child. This support is reviewed on a yearly basis.

Support Level	Yearly Fee	
Support Level 1 (5 class periods per week)	\$4,400	
Support Level 2 (10 class periods per week)	\$8,800	
Support Level 3 (15 class periods per week)	\$13,200	
Support Level 4 (20 class periods per week)	\$17,600	
Academic Coaching/Tutoring	Support coaching/tutoring for individual academic subjects or organization strategies during MS conference or after school	Hourly rate of \$60
