
Lead Testing Notice

- A. According to Section 116227 of the Health and Safety Code, lead testing is required at all school sites built before January 1, 2010.
- B. Exemption from the testing requirements are set forth below:
- School sites built or modernized on or after January 1, 2010.
 - LEAs that re permitted as a public water system are currently testing water for lead.
 - LEAs that completed lead testing after January 1, 2009, and posted information about the lead testing on-line.
 - LEAs that have requested testing from their CWS consistent with the testing prescribed by AB 746.
- C. CORE Charter's facility was constructed after July 1, 2010 and is therefore exempt.
