

Preschool is important!

Our preschool offers a balanced program of quiet and active work and play, as well as individual and group activities.

Children have an opportunity to communicate, make decisions, solve problems, share, take turns, follow directions, listen, create, discover others as well as themselves.

South Lake Schools is offering the Great Start Readiness Preschool Program for the 2019-2020 school year.

The Great Start Readiness Program is a tuition-free, state grant funded preschool program for at-risk four-year-old students. The program requires children to be age four by September 1, 2019.

Our program is designed to promote the development of the total individual by helping each child to develop skills in the physical, social, emotional, and cognitive areas. This is accomplished by providing a balanced program that includes both teacher-directed and child-initiated activities, quiet as well as active experiences, and the recognition that learning occurs in both formal and informal settings, especially through play.

The GSRP program follows the Standards of Quality and Curriculum Guidelines set by the Michigan State Board of Education and licensing requirements of the Department of Human Services.

Our developmentally appropriate preschool program offers a full day program which runs Monday through Thursday.

Families must meet income guidelines and other risk factors.
