

“Wheels at Wood” is a charity event to raise funds for both a student-designed bus shelter for the corner of York and Street Roads in Warminster, PA (with the support of Wood's STEM Education Program), as well as for Archbishop Wood's "RoboVikings" Robotics Team.

Bus passengers today must wait in the rain, snow and dark for their ride. The students of Archbishop Wood High School & Robotics Team want to relieve their suffering by providing a safe, comfortable and well-lit place for those not fortunate enough to have a car of their own.

**Won't you please help these students to help our community by showing your car or bike?**

Show to include classic cars & bikes, music, and a craft show & sale for everyone to enjoy.

**\*\* The first 200 cars or motorcycles registered will receive dash plaques & goodie bags**

---
