

STUDENT SPOTLIGHT

Senior Benjamin Brown qualified to race as part of Team USA at the World Roller Games (similar to Olympics for roller sports) in Barcelona, Spain in July 2019. Over 50 countries were represented. Benjamin competed in the distance races for speed skating, which included a 10,000-meter points race, 10,000 meter elimination race, and marathon. Though racing did not go as smooth as he had hoped, he is working hard to qualify for the team again next year with his goal to eventually win world titles and be one of the best skaters in the world, representing USA.

MARK YOUR CALENDARS:

- Warrior Alliance (PTO) Meeting- Sept. 4 (6:00 p.m.)

- Senior FAFSA (Free Application for Federal Student Aid) Night- Oct. 23 (5:00-7:00 p.m.)

Two Link Crew Leaders (in blue) celebrate their group during the freshmen first day of school. This year, ERA started a program to develop and train upperclassmen to be leaders for the 9th grade students. They will continue to meet up throughout the year and build friendships.

We are thrilled to report that last year's first ERA Service Learning Trip was a great success! 23 students traveled to Ecuador and the Galapagos Islands, spending 11 total days touring and learning about Ecuadorian culture, including 4 days working in Chimborazo Province to help build a nursery school for local children to attend.

NEW BEGINNINGS

ERA is excited to announce the completion of two new classrooms, counselor offices as well as an office for our School Resource Officer, Officer Delein. In addition to the new space, we are upgrading our firewall, wifi, servers and switches to better serve our 460 chromebooks, 60 new laptops, and 30 new desktop computers. We welcome an additional math teacher, Ms. Hoffmeister, new STEM teacher, Mrs. Sebastiani, and new English teacher, Mr. Hansen.

E-SPORTS! NEW CHSAA SPORT

Are you interested in taking video gaming to a whole new level? Colorado High School Activities Association (CHSAA) is introducing esports to their competitive program where high school students can compete in League of Legends, SMITE, and Rocket League. Please talk to Mr. Henning (zhenning@erawarriors.org) or Mrs. Terlizzi (bterlizzi@erawarriors.org) if you are interested in playing.

DOMINICAN REPUBLIC SERVICE TRIP 2020

We are also excited to announce this year's ERA Service Learning Trip focusing on Marine Conservation in the Dominican Republic! Students will spend 8 days touring, learning, and helping to rebuild the coral reef habitat while learning basic snorkeling techniques and identifying aquatic species of all kinds off the southeast coast. There will be an enrollment meeting on Wednesday, September 25th at Eagle Ridge Academy. If you have any questions please email Mr. Leeper at cleeper@erawarriors.org.
