

# TOOELE HIGH

## HONORS DIPLOMA

For the classes 2019 – 2021

Last updated 9/12/2018

In an attempt to provide a challenging education to many of the exceptional students at Tooele High School, the Honors Program has been instituted. All students participating in the program will be required to complete all requirements as outlined in this brochure. Upon graduation, those students who successfully complete the program will find their transcripts clearly stamped with the words “Honors Diploma”, will receive a diploma bearing an Honors Seal and will wear a silver gown with a purple stole at graduation ceremonies.

# Program Requirements

## Application to the Program

Students wishing to graduate with an honors diploma must meet the program criteria which includes attendance and academic progress. Student progress will be monitored by the honors committee from the time of application. **Freshmen may apply to the program throughout their 9<sup>th</sup> grade year. Sophomores must apply by mid-term of first term of their sophomore year.** No applications will be accepted after the 5<sup>th</sup> week of the student's sophomore year except when a student has transferred to Tooele High School from another high school offering similar honors level coursework. Application forms are available in the counseling office and must be signed by the student and their parent or guardian. Acceptance to the program will be based upon recommendation from a school counselor and current teachers.

## Attendance Requirements

Students must maintain excellent attendance and punctuality. A student will be allowed a **maximum of 2 absences and 2 tardies per term per class, honors or otherwise.** No distinction will be made between excused or unexcused absences. School activity absences must be cleared ahead of time and work completed ahead of time if at all possible. If such procedure is followed, activity absences will not count toward the maximum 2 absences. Severe extended illness will be dealt with on an individual basis. **Parent must notify Advisor or Mrs. Goss prior to the end of the term in addition to the attendance office.**

## Academic Requirements

Once the student has been accepted into the program, their academic progress will be monitored. **Every student must maintain a B- or better grade in each honors class and must maintain an overall GPA of 3.0.**

Students may not receive an incomplete for any honors class unless they have received prior approval from the honors committee. Students may not complete any work after class deadlines at the end of each term. At the time of graduation, students will have completed **15 credits** in honors classes from sections A and B.

- A. Students must take all of the following honors level classes between grades 9-12.

English	3 credits
Math	3 credits
Science	3 credits
Social Science	3 credits
World Languages	1 credit

- B. Students must take an **ADDITIONAL 2 credits** in honors courses in the Fine Arts, Business, CTE or PE departments. Of the 15 honors credits/years earned in part A, students must take a combination of the following:

**3 Advanced Placement (AP) courses from at least two different departments.** The AP exam at the end of the year **must be taken** to use the class for honors credit. There is a fee required for taking the AP exam.

**OR**

**6 Concurrent enrollment courses in at least 2 different departments.** Students are reminded that not all Concurrent Enrollment courses are accepted as honors credit. College courses that meet a general education requirement for college will be accepted. Check the department listings in this brochure and consult with your counselor.

**OR**

Credits earned from a combination of AP and Concurrent Enrollment courses. (2 Concurrent Enrollment = 1 AP)

- C. Students must pass a library competency test, administered by the school media specialist. This must be completed by the end of 3<sup>rd</sup> term of the senior year.
- D. Under no circumstances will correspondence courses be allowed to count towards the Honors Program.

## Probation

Any Tooele High School student who fails to meet any of the Honors Diploma requirements will be placed on probation. If a student fails to meet the requirements a second time, he or she will be dropped from the Honors Program. Such students may not reapply; however, they may remain in the honors classes, though a Honors Diploma will not be issued. **Probation is determined each term, beginning with the 2<sup>nd</sup> quarter of the student's sophomore year.**

## Integrity

- A. Cheating: If a teacher determines that cheating (including plagiarism) has occurred in any class, the student involved will be dropped from the Honors Program. No probation is given.
- B. Suspensions may result in probation or removal from the Honors Diploma. It will be dealt with on an individual basis by Administration.

## Additional Information

Unforeseen exceptional circumstances will be dealt with on a case-by-case basis. 9th grade students will be considered to be provisional participants in the program. Grades and attendance will not be tracked their 9<sup>th</sup> grade year. This gives the students practice in meeting Honors Diploma academic and attendance requirements in their 10<sup>th</sup> – 12<sup>th</sup> grade years.

## Current Honors Classes

Most Honors classes are offered through the various departments at THS. Some courses have a required fee to take the course or the test. Some courses may also require an admission fee to enroll in the concurrent enrollment program and may require students to purchase books for the class. The following list includes courses that will be accepted for honors credit. Any course not on this list or that is taught outside of THS will **not** count toward honors diploma credit unless it has been ***pre-approved*** by the honors committee and the department **prior** to enrollment. More classes may be added in the future that will count towards the honors diploma. Each new addition must be reviewed by both the department and the Honors Committee.
