

Volunteer Information

Thank you for Volunteering for the Albany Unified School District and Marin School. We appreciate your time helping in the classroom, school and for field trips.

All volunteer paperwork is to be completed online. You will need to get a TB test taken with your doctor, have your fingerprints taken and complete a Volunteer II form.

Also, if you are able to drive for field trips (which is very much needed), you will need to complete the driver paperwork.

All the above must be completed online at least 2 weeks before you are able to volunteer in the classroom, or chaperone on field trips. The School District Office has to review the applications before it is forwarded to the School Board for approval.

Please visit the **AUSDK12.org** web page.

On the right of the page, go to “**Volunteer**”.

Go to “**Instructions on How to Become a Volunteer II**”

Please sign in and follow the instructions. You will need to attach a copy of your TB test. Once that has been completed, please come into the school office with a copy of your i.d. We will then give you information on where to obtain fingerprints.

Thank you so much for all your help in volunteering your time for the school and the students. It is very much appreciated.

If you have any questions, please call Marin School office at 558-4740.
