

United States Youth Conservation Corps

Crew Member Application

Program Overview

The United States Youth Conservation Corps (YCC) is a summer youth employment program that engages young people in meaningful work experiences on national parks, forests, wildlife refuges, and fish hatcheries while developing an ethic of environmental stewardship and civic responsibility. YCC members work on projects that promote awareness and appreciation of the public lands legacy and the nation's natural, cultural, and historic resources.

YCC is administered by the U.S. Department of Agriculture Forest Service, and the U.S. Department of the Interior National Park Service and Fish and Wildlife Service.

Eligibility Requirements

Applicants must:

- ✓ Be at least 15 years of age at the start of enrollment and must not reach age 19 before completion of the program
- ✓ Be a US citizen or permanent resident of the United States, its territories, or its possessions
- ✓ Provide or be able to obtain a work permit as required under the laws of the applicant's home state
- ✓ Provide a valid U.S. Social Security number or have applied for a valid Social Security number
- ✓ Be able to fulfill the essential functions of the assigned work with or without a reasonable accommodation

Program Benefits

YCC affords members a variety of opportunities to work on projects such as constructing and repairing trails, preserving and repairing historic buildings, removing invasive species, assisting with wildlife and land research, leading environmental education programs, and supporting agency staff.

Program Structure

YCC projects can range up to 10 weeks in duration. YCC members are expected to work up to a maximum of eight hours a day for a total of 40 hours a week. YCC members are paid the federal minimum wage, or the state minimum wage if higher.

Most YCC jobs are locally based and members will commute to the project site daily. Members will be expected to provide their own transportation to and from the work site. YCC members may be exposed to physical work, insects, poison oak and ivy, adverse weather, and outdoor working conditions up to eight hours a day during their employment.

Some units may offer residential YCC programs which allow interested youth from communities not within commuting distance to participate. Residential programs are available at select National Park Service and Forest Service units and may include organized service learning and other extra-curricular activities. Members may be expected to contribute to their housing costs during participation in a residential program.

How to Apply

For more information on how to apply to YCC programs and opportunities, please visit our agency webpages for locations, application process and due dates, and points of contact. Eligible applicants should follow the instructions as directed by YCC sites by sending a completed application by postal mail or electronic means. Applicants may also contact the nearest YCC program managed by the U.S. Forest Service, National Park Service, or U.S. Fish and Wildlife Service for more information on how to apply.
