Hello Everyone!

I hope that you all are well! You will find links to your repertoire, class topics, and videos below!

•**The Spring Chorus concert on April 6th 2020 is cancelled.** I think we already knew this based upon recent events.

•**5th Grade:** here are the links to your spring repertoire. Please also check in at the practice [room.net](#) link for your beginning sight reading.

On Top of the World— <https://youtu.be/a3TiTD9KbM8>

(This is the SATB version and you guys are singing two-part. Luckily, it will help you with words and memorization!)

Into the Woods Medley—<https://youtu.be/Q4xD5mTLfWg> Yay, this is our exact piece in 2-part!

This is the year long curriculum for sight reading, diction, and rhythmic training that we use in class!

First: go through the tutorial so you know how to navigate the site.

Second: click on all exercises labeled “1.”

(You will find a ton of activities, videos and sight singing drills.)

***My recommendations: Do one Rhythm, Sight Singing, and one Diction exercise a day. You will become more confident with your sight singing and music reading by the time school starts! Email me a screenshot of your scores at ecarvalho@westportschools.org. This is not going to be graded, however I have 400 students and only one login name...it would be great to see how you progress!**
