This year we will have 2 Summer School Sessions at BHS:

1st Session:

June 5 – 28 (no Friday's) from 7:30 am - 11:30 am

2nd Session:

July 2 – July 26 (no Friday's or July 4th) from 7:30 am - 11:30 am

- 1 Course Recovery is a computer program that makes it possible for the student to recover a credit in a course they did not pass during a regular seated class, but earned at least a 50 in average.
 - 2 Students will be completing tutorials and tests/quizzes on a computer rather than receiving instruction from a teacher.
 - 3 Students must take notes during the tutorials. These will be turned in at the end of the course. No notes = no credit. After successful completion of the program, a grade of 65 will be noted on the student's transcript.
 - 4 Students must have their own headphones, notebook, and pen/pencil. Students will be able to track their progress through their portfolio on their sign-in screen.
 - 5 There will be no talking during lab time. Students should not have food or drink in the lab at any time. Students are not allowed to visit any other website but Course Recovery.
 - 6 **Course Recovery will meet Monday – Thursday from 7:30 am until 11:30 am.** Students cannot access Course Recovery from home. Students will be able to keep track of his/her progress through their Portfolio on their sign-in screen.
 - 7 Students will need to arrange their own transportation home.
